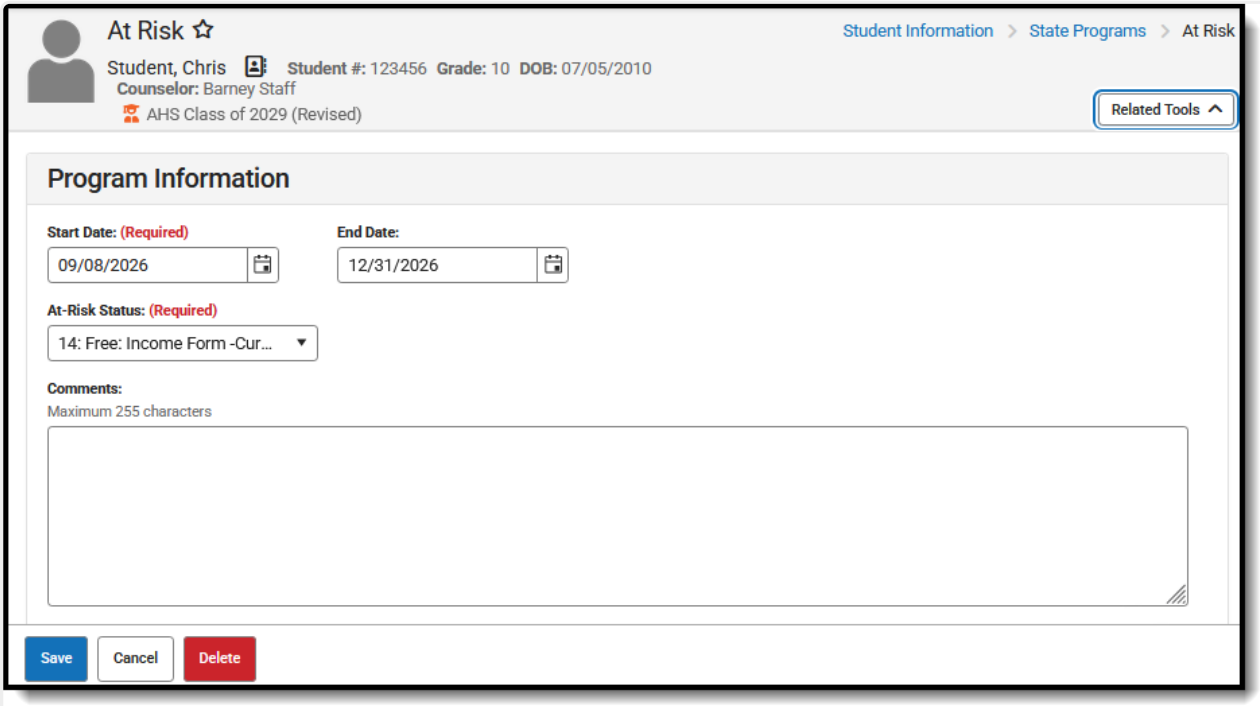
At Risk (Colorado)

Last Modified on 10/15/2026 10:33 am CDT

The At Risk tool records the student's At Risk Status, which is used for funding and district at-risk counts. See information from the Colorado Department of Education for guidance.

Overlapping records are not allowed.

At Risk information reports in the Student Demographic File.



At Risk captures the student's free/reduced status,

Use the Federal/State Program Updater to import existing At Risk records for students or to update records for multiple students.

Add an At Risk record

1. Click **New** in the action bar across the bottom.
2. Enter a **Start Date** of when the student's At Risk status began.
3. Select the appropriate **At Risk Status**
4. Enter any **Comments** needed for this record.
5. Click **Save** when finished.

When the student ends At Risk programming, edit the appropriate record and enter an End Date.

Print At Risk records

Click the **Print** to generate a PDF view of the entered record from the main view of the At Risk program.
