Graduation (North Dakota)

Last Modified on 11/23/2026 1:45 pm CST

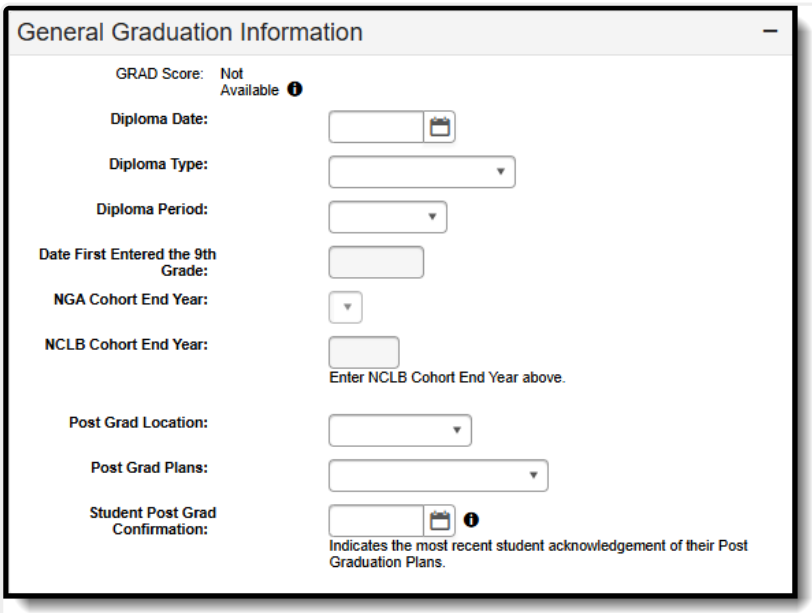
This page is in progress 2651 - https://infinitecampus.atlassian.net/jira/browse/LCP-78377

Path: Student Information > General > Graduation

The Graduation tool provides districts with the ability to track graduation information used in state reporting, AYP (Average Yearly Progress) determinations and NCLB (No Child Left Behind) report cards. Districts can track when a student first entered ninth grade and calculate their expected graduation date. This article details the fields specific to North Dakota.

See the core Graduation article for information on creating or deleting a graduation record, tool rights information, and graduation scenario examples.

General Graduation Information fields



The North Dakota General Graduation Information fields.

Field	Description	Additional information
