The California CTE tab is used to track data for Career Tech Education (CTE) students. After a record is saved, all fields remain editable.

To be sure CTE students are properly reported, a record should be created for any student who is in a California-designated CTE program with a program status of: Concentrator or Completer.

Fields in the CA CTE Editor are unique to California. Please see below for more information.

CTE Pathway

A coded value representing a Career Technical Education Career Pathway. A Career Technical

Education Career Pathway is the second level in a two-tier hierarchy of Career Technical Education Industry Sectors and Career Pathways. This category represents a coherent sequence of rigorous academic and technical courses that allows students to apply academics and develop technical skills in a curricular area. Career pathways prepare students for successful completion of state academic and technical standards and more advanced postsecondary course work related to the career in which they are interested. A pathway must be specified for each CTE concentrator.

Please see the CDE-published *CALPADS Code Sets* document for more information on assigning Pathway selections.

Displaced Homemaker (Adult Ed)

The term 'displaced homemaker' means an individual who: has worked primarily without remuneration to care for a home and family, and for that reason has diminished marketable skills; has been dependent on the income of another family member but is no longer supported by that income; or is a parent whose youngest dependent child will become ineligible to receive assistance under part A of title IV of the Social Security Act not later than 2 years after the date on which the parent applies for assistance under such title; and is unemployed or underemployed and

is experiencing difficulty in obtaining or upgrading employment. Checking this option indicates the student is a displaced homemaker.

This option is used only for district-tracking purposes and is not used in state reporting.
