

Establish Test Requirements for Academic Programs

Last Modified on 06/30/2025 9:47 am CDT

In the Campus.2523 release, the **Academic Programs** and **Graduation Programs** tools were combined into a single tool.

► [Click here to expand...](#)

The screenshot shows the 'Academic and Graduation Programs' tool interface. At the top, there is a breadcrumb trail: 'Student Information > Program Administration > Academic and Graduation Programs'. Below this, there is a 'Filter' button on the left and a toggle switch between 'Graduation' (selected) and 'Academic' on the right. The main section is titled 'Graduation Programs' and shows 'Showing 6 out of 6 Programs'. A list of programs is displayed, each with a name, a category path, and a status (ACTIVE or INACTIVE). At the bottom left, there is a 'New' button. Annotations with red arrows point to the 'Filter' button, the 'Graduation' toggle, and the 'New' button. A text box says 'Use the Filter button to narrow the list of displayed Programs'. Another text box says 'Toggle between Graduation and Academic Programs'. A third text box says 'Select this button to create a new Academic or Graduation Program'.

Both types of programs can now be created and managed with the new tool, found at **Student Information > Program Administration > Academic and Graduation Programs**.

Consult the articles in the [Academic and Graduation Programs](#) category for more information.

[Best Practices](#) | [Test Requirements Editor](#) | [Establish Test Requirements](#)

Specific tests that students are required to pass can be aligned to an Academic Program through the Test Requirements tool. In order to apply Test Requirements, the user must have the State Code for the test that is being applied.

For each assessment attached to a specific program, results and passing scores must be defined on the [Test Editor](#). This information displays on the student's [Grad Progress](#) tab and the [Graduation Progress](#) section on the Campus Portal.

Test Requirements

Test Requirements display on the student's Progress tab and the Academic Progress section on the Campus Portal. For detailed information on entering data in these fields, refer to the [Knowledge Base](#).

When entering information, provide enough detail in the **Requirement Description** so others reviewing this information (staff, parents/guardians, students, etc.) are clear on what the requirement is.

A comma-separated list of codes is required in the **Test Code(s)** or **State Code(s)** fields. The following wildcard symbols can be used: % (percent), _ (underscore), [] (brackets), and ! (exclamation point). For more information on wildcards and their use, see the [Knowledge Base](#).

Click **Preview** to view a list of the tests included in this requirement. The list is based on the values entered in the **Test Code**, **State Code** and **Subject** fields.

If 'One Score at or above' is selected for **Evaluation Mode**, one of the tests taken must meet or exceed the **Min Raw** or **Min Scale** to meet the requirement. If 'Sum of Scores at or above' is selected, the sum of test scores must meet or exceed **Min Raw** or **Min Scale** to meet the requirement. If 'Count of Passing Tests' is selected, the count must meet or exceed the entered **Count** to be considered complete. If a test is taken multiple times, only the highest score is considered.

Test Requirements Detail - Computer Science							
*Requirement Description	Test Code(s)	State Code(s)	Subject	*Evaluation Mode	Min Raw	Min Scale	Count Seq
✖ Test requirement	1234		Science: Science	Preview One score at or above	1.0

Academic Program Test Requirements

Best Practices

- The Requirements Description field should provide a meaningful message for the portal user. Suggestions would be to include Assessment full name (Test name).
- Result codes and passing/failing results should be entered for each test. See the [Test Setup](#) article for more information.

Test Requirements Editor

Field	Description
Requirement Description <i>Required</i>	Label of the name of the test or a subgroup of tests the student must take to achieve the requirement. This should be a meaningful message so the student (and parents/guardians and counselors) clearly understands the test requirement.
Test Code(s)	<p>A value must be entered in either this field or the State Code field.</p> <p>If a Test Code is entered on the Assessment Setup tab, the same values need to be entered here. Wildcard values can be entered (% or _).</p>

Field	Description
State Code(s)	<p>A value must be entered in either this field or the Test Code field.</p> <p>If a State Code is entered on the Assessment Setup tab, the same values need to be entered here. Wildcard values can be entered (% or _).</p>
Subject	<p>This value matches the Subject selection on the Assessment Setup tab. Options are from the Test Attribute/Dictionary list.</p>
Preview	<p>Displays the matching tests based on the entered test codes, state codes and subject selection.</p>
Evaluation Mode <i>Required</i>	<p>Indicates how a student's assessment results affect the completion of the requirement. A test requirement can be set to one of three modes:</p> <ul style="list-style-type: none"> Count of Passing Tests One Score At or Above Sum of Scores At or Above <p>A requirement may be that the student must take and pass at least two state assessments for Science. The Evaluation Mode can be set to Count of Passing Tests, with a Count Value entered as 2.</p> <p>The selection here also determines whether the Minimum Raw Score, Minimum Scale Score and the Count fields require a value.</p>
Minimum Raw Score	<p>Requires a numeric value entered that represents the minimum score needed to pass this requirement, depending on the selected Evaluation Mode. This value overrides a passing score set on the Results on the Assessment Setup.</p> <ul style="list-style-type: none"> When the Evaluation Mode is set to <i>Count of Passing Tests</i>, this field is disabled. When the Evaluation Mode is set to <i>One Score At or Above</i>, a value must be entered in this field or in the Minimum Scale Score field, depending on which score option is used in the Test Detail. When the Evaluation Mode is set to <i>Sum of Scores At or Above</i>, a value must be entered in this field or in the Minimum Scale Score field, depending on which score option is used in the Test Detail.

Field	Description
Minimum Scale Score	<p>Requires a numeric value entered that represents the minimum score needed to pass this requirement, depending on the selected Evaluation Mode. This value overrides a passing score set on the Results on the Assessment Setup.</p> <ul style="list-style-type: none"> When the Evaluation Mode is set to <i>Count of Passing Tests</i>, this field is disabled. When the Evaluation Mode is set to <i>One Score At or Above</i>, a value must be entered in this field or in the Minimum Raw Score field, depending on which score option is used in the Test Detail. When the Evaluation Mode is set to <i>Sum of Scores At or Above</i>, a value must be entered in this field or in the Minimum Raw Score field, depending on which score option is used in the Test Detail.
Count	<p>Indicates how many tests are required to pass the requirement depending on the selected Evaluation Mode.</p> <ul style="list-style-type: none"> When the Evaluation Mode is set to <i>Count of Passing Tests</i>, a value must be entered in this field. When the Evaluation Mode is set to <i>One Score At or Above</i>, this field is disabled. When the Evaluation Mode is set to <i>Sum of Scores At or Above</i>, this field is disabled.
Add Test Requirement	Adds more rows to the Test Requirements Detail for the selected program.

Establish Test Requirements

1. Select the Program from the **Academic Programs** tree and expand the options.
2. Select **Test Requirements**. A **Test Requirements Detail** table appears.
3. Enter the **Requirement Description** for the program.
4. Enter the **Test Codes** for the program.
5. Enter the **State Codes** for the program.
6. Enter the **Subject** for the test requirement.
7. Click the **Preview** link to verify all appropriate tests are added.
8. Select the desired **Evaluation Mode** for the test requirement.
9. Enter the **Minimum Raw Score** for the test requirement, if applicable.
10. Enter the **Minimum Scale Score** for the test requirement, if applicable.
11. Enter the **Count** for the test requirement, if applicable.
12. Click the **Add Test Requirement** button to add additional test requirements to the CTE Program.
13. Click the **Save** icon when finished.
