Classic View: IL State Reporting > Student Course Assignment > College Course In Progress

Search Terms: Student Course Assignment

The College Course In Progress Extract collects course-related information for each student in Kindergarten through 12th grade. Only dual-credit course sections that fall within the start and end dates entered on the extract editor report.

The screenshot shows the 'Student Course Assignment' report editor in the Infinite Campus system. The interface is divided into two main sections: 'Extract Options' on the left and 'Select Calendars' on the right.

Extract Options:

- Extract Type:** College Course In Progress (selected in a dropdown)
- Start Date:** 09/01/2021 (with a calendar icon)
- End Date:** 10/31/2021 (with a calendar icon)
- File Identifier:** 001
- Students w/o statelDs:** ☐
- Strip Apostrophes:** ☐
- Report Protected Identities:** ☒
- Format:** State Format(Comma Delimited) (selected in a dropdown)
- Choose Grades:** A dropdown menu is open, showing options: All Grades, Birth To 3, Pre-K, Kindergarten, and Grade 1. Below the menu, it says 'CTRL-click and SHIFT-click for multiple'.
- Ad Hoc Filter:** An empty dropdown menu.
- Buttons:** 'Generate Report' and 'Submit to Batch'.

Select Calendars:

- Which calendar(s) would you like to include in the report?:**
 - ☒ active year
 - ☐ list by school
 - ☐ list by year
- 20-21** (selected year)
 - 20-21 Abbott Elementary
 - 20-21 Baird Elementary
 - 20-21 Chowen Middle
 - 20-21 Drew Middle
 - 20-21 Ewing High
 - 20-21 Fremont High

College Course In Progress

See the [Student Course Assignment Reports](#) article for Data Entry Verification.

Students must have had an active enrollment (includes Primary, Special Education or Partial enrollments) within the selected Start Date and End Date and must have been active in a course/section within the Start Date and End Date. This report uses the State Reported indicators to include grading tasks, score groups and courses.

- A **Grading Task** must be marked as State Reported.
- **Score Groups** must have grades mapped to state grades.
- The State Course Code field must not be null.
- The state-reported **Grading Task** must be assigned to the Course.
- Students must have a grade posted to a **grading task** that is associated with the grade task and the score group.
- The Dual Credit field must be assigned a value of 01 on the Course.

The Course/Section reports once per student unless the following is met:

- The grading task marked as state reports has the term mask on the course marked in more than one term AND the section is scheduled into both of those terms.
- The student has multiple enrollments with different values between the enrollments in any of the following fields:
 - Displaced Homemaker
 - Single Parent
 - RCTDS fields

If a student earns the same grade across multiple terms for the same state-reported grading task and that task is reported multiple times, the student reports multiple times.

If a course is marked as state exclude, it does not report.

A student must be enrolled in a state grade of the following:

- 15: Kindergarten
- 01: Grade 1
- 02: Grade 2
- 03: Grade 3
- 04: Grade 4
- 05: Grade 5
- 06: Grade 6
- 07: Grade 7
- 08: Grade 8
- 09: Grade 9
- 10: Grade 10
- 11: Grade 11
- 12: Grade 12

Report Editor

The following fields are available for selection.

Field	Description
Extract Type	Determines which Student Course Assignment Extract generates. For this extract, choose College Course In Progress .
Start Date	Entered date reflects the start date of enrollment records to return. Dates are entered in <i>mmddyy</i> format or choose the calendar icon to select a date. The Start Date is required for this report; if the field is NULL, a message will display: "Must Enter A Start Date for Course Assignment."
End Date	Entered date reflects the end date of enrollment records to return. Dates are entered in <i>mmddyy</i> format or choose the calendar icon to select a date. The End Date is required for this report; if the field is NULL, a message will display: "Must Enter A End Date for Course Assignment."
File Identifier	Indicates the 3-digit number attached to the end of the file name and is used to differentiate the file from the other files generated.
Students without State IDs	When marked, the report returned students who do not have state IDs assigned.
Strip Apostrophes	<p>When marked, the following marks are removed from student names and other reported data:</p> <ul style="list-style-type: none"> • Apostrophes ('), Commas (,), Periods (.) • Umlaut (Ö) • Tilde (Ñ) • Grave Accents (Ò), Acute Accents (Ó) • Circumflex (Ô) <p>When not marked, these marks are not removed.</p>
Report Protected Identities	When marked, student identity information (last name, first name, etc.) reports from the Protected Identity Information fields.
Format	Determines how the report generates. Use the State Format (Comma Delimited) when submitting the report to the state. Use the HTML or Tab Delimited option when reviewing data prior to state submission.
Student Selection	<p>Select students by choosing one or more grade levels or a saved ad hoc filter to use when generating this report.</p> <p>Only those students in the selected grade levels report if they meet the reporting requirements. Only those students included in the filter report if they meet the reporting requirements.</p>
Report Generation	The report can be generated immediately using the Generate Extract button. When there is a larger amount of data chosen (several calendars, large date range, etc.), use the Submit to Batch button, which allows the user to choose when the report is generated. See the Batch Queue article for more information.

Field	Description
Calendar Creation	At least one calendar needs to be selected for the report to generate. Calendars can be chosen by Active Year , by School or by Year . If a calendar is selected in the Campus toolbar, that calendar is automatically selected. If no Calendar is selected, a message will display: "Must Select 1 or More Calendars."

Generate the Report

1. Select **College Course In Progress** from the **Extract Type** field.
2. Enter the **Start Date** and **End Date** for the report by either entering date in *mmdyyy* format or using the **Calendar** icon.
3. Enter a **File Identifier**.
4. Select the **Students w/o stateIDs** checkbox to include students without state IDs within the report.
5. If desired, mark the **Strip Apostrophes** checkbox.
6. If desired, mark the **Report Protected Identities** checkbox.
7. Select **Format** in which to generate the report.
8. Select students by choosing **Grade Levels** or an **Ad hoc Filter** from the dropdown list.
9. Select which calendars to include.
10. Select an **Ad hoc Filter** to reduce the students included in the report (optional).
11. Select the **Generate Extract** button. The report displays in a separate window in the designated format.

This report can also be submitted to the [Batch Queue](#) for generation at a later time.

Student course Start Date	<p>Date the student begins attending the course.</p> <p>The date noted on the student's Schedule is used first. Then, if there is a start date on Section Roster, that date is used. If the Roster Edit date is NULL, the start date of the earliest term that section is scheduled to take place is used.</p> <p><i>Date field, 10 characters (MM/DD/YYYY)</i></p>	<p>Student Information > General > Schedule</p> <p>Scheduling > Courses > Section > Roster</p> <p>Section.startDate</p>

Data Element	Description	Location
Section Number	<p>Number of the course section being reported.</p> <p><i>Numeric, 4 digits</i></p>	<p>Scheduling > Courses > Section > number</p> <p>Section.number</p>
Course Level	<p>Selection indicates the level of the course. If a course/section is assigned a value of 05: Special Education, a NULL value reports.</p> <p>Options are:</p> <ul style="list-style-type: none"> • 01: Remedial • 02: General • 03: Enriched • 04: Honors <p><i>Numeric, 2 digits</i></p>	<p>Scheduling > Courses > Course > Course Level</p> <p>Course.level</p>

Data Element	Description	Location
Course Credit	<p>Reports the potential credit amount a student could earn by completing this course section. The value is calculated as follows:</p> <ol style="list-style-type: none"> 1. For each section being reported, grading tasks assigned to the course where the credit value is not null are found. Of those grading tasks, the ones marked as state reported and have at least one term mask marked are found. 2. Using the Section Schedule Placement grid on the Section, the number of unique terms is found (regardless of the number of periods or period schedules). For each of the grading tasks that meet the details in number 1, the number of scheduled terms that overlap the terms in which the grading task is marked is found. This number is multiplied by the credit amount placed on the grading task. <p>If there are multiple grading tasks that meet requirements in number 1, the total potential credit is found for each grading task, then summed for the total.</p> <p>If the student is enrolled in a state grade of K-08 AND there is no potential credit available, a value of 1.00 reports.</p> <p>If the student is enrolled in a state grade of 09-12 AND there is no potential credit available, a value of 0.00 reports.</p> <p><i>Numeric, 4 characters (X.XX)</i></p>	<p>Scheduling > Courses > Course > Grading Tasks > Credit Amount</p> <p>Scheduling > Courses > Course > Section > Section Placement</p>

Data Element	Description	Location
Articulated Credit	<p>Indicates the student receives college credit for the course (based on the value assigned to the course) upon successful completion of the course while the student is in high school. Additional coursework might be needed at the college level. Extract reports the code associated with the Yes or No value (01 - Yes, 02 - No).</p> <p><i>Numeric, 2 digits</i></p>	<p>Scheduling > Courses > Course > Articulated Credit</p> <p>Customcourse.articulatedCredit</p>
Dual Credit	<p>Indicates the student receives both high school and college credit for approved high school courses that follow additional and specific criteria qualifying it as a college-level course. Extract reports the code associated with the Yes or No value (01 - Yes, 02 - No).</p> <p><i>Numeric, 2 digits</i></p>	<p>Scheduling > Courses > Course > Dual Credit</p> <p>CustomCourse.dualCredit</p>
Course Setting	<p>Selection of how the course is delivered to the students for instruction. Options are:</p> <ul style="list-style-type: none"> • 01: Traditional (default selection) • 02: Night/After School • 03: Online Learning • 04: Distance Learning • 05: Alternative Placement <p><i>Numeric, 2 digits</i></p>	<p>Scheduling > Courses > Course > Setting</p> <p>CustomCourse.Setting</p>
