

# Course Codes

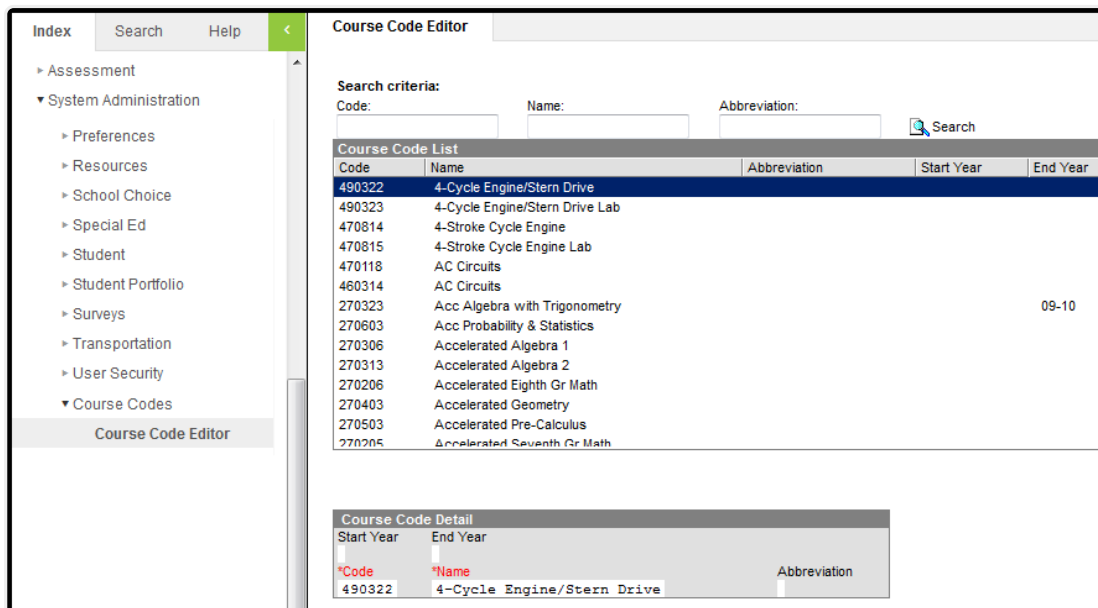

Last Modified on 03/11/2024 8:44 am CDT

[Search Course Codes](#) | [Course Management](#)

The information on this page describes functionality existing in the District Edition of Infinite Campus. State Edition users should reference the [Managing State Course Codes](#) article.

**PATH:** *System Administration > Course Codes > Course Code Editor*

The Course Code Editor allows districts to search State-defined Course Codes. Districts can use this tool to search for a specific code or view a list of available codes based on search criteria.

The screenshot shows the 'Course Code Editor' interface. On the left is a navigation menu with 'Index', 'Search', and 'Help' tabs. The 'System Administration' section is expanded, showing 'Course Codes' as the selected option. The main area is titled 'Course Code Editor' and contains a 'Search criteria' section with input fields for 'Code:', 'Name:', and 'Abbreviation:', followed by a 'Search' button. Below this is a 'Course Code List' table with columns for 'Code', 'Name', 'Abbreviation', 'Start Year', and 'End Year'. The table lists various course codes, with '490322' and '4-Cycle Engine/Stern Drive' highlighted. At the bottom, there is a 'Course Code Detail' section with a table showing 'Start Year', 'End Year', 'Code', 'Name', and 'Abbreviation' for the selected code.

Code	Name	Abbreviation	Start Year	End Year
490322	4-Cycle Engine/Stern Drive			
490323	4-Cycle Engine/Stern Drive Lab			
470814	4-Stroke Cycle Engine			
470815	4-Stroke Cycle Engine Lab			
470118	AC Circuits			
460314	AC Circuits			
270323	Acc Algebra with Trigonometry			09-10
270603	Acc Probability & Statistics			
270306	Accelerated Algebra 1			
270313	Accelerated Algebra 2			
270206	Accelerated Eighth Gr Math			
270403	Accelerated Geometry			
270503	Accelerated Pre-Calculus			
270205	Accelerated Seventh Gr Math			

Start Year	End Year	Code	Name	Abbreviation
		490322	4-Cycle Engine/Stern Drive

Course Code List

Code	Name	Abbreviation	Start Year	End Year
270323	Acc Algebra with Trigonometry			09-10
270306	Accelerated Algebra 1			
270313	Accelerated Algebra 2			
270304	Algebra 1			
270231	Algebra 1 (7th Gr - HS credit)			09-10
270232	Algebra 1 (Gr 6-8 - HS credit)			
270242	Algebra 1 (Gr 6-8-non-HS cred)			
270241	Algebra 1 (Gr 7-non HS credit)			09-10
270303	Algebra 1 (Pt 2)/(Pt B)			
270308	Algebra 1 Intervention			
270310	Algebra 1.5/Intro. Algebra 2			
270311	Algebra 2			
270235	Algebra 2 (Gr 6-8 - HS credit)		09-10	
270245	Algebra 2 (Gr 6-8-non-HS cred)		09-10	

Searching Course Codes

To begin searching, enter a **Code**, **Name** (200 character max) and/or **Abbreviation** and select the **Search** magnifying glass icon. The Course Code List will repopulate with matching search results.

In the example above, a course with a Code of MA200 and a Name beginning with Algebra was searched for and found. Because all course codes are assigned a unique Code and search results were able to match on the Code entered, only the matching course code was returned and displayed in the Course Code List.

To return to the full list of available course codes, remove all search criteria from the Code, Name and Abbreviation fields and select the magnifying glass icon.

## Course Management

**PATH:** *Scheduling > Courses > Course Editor; Grading and Standards > Course Masters*

When functionality for Course Codes is turned on, search functionality when looking for course information will pull from the Course Codes list and begin to populate as data is entered in the State Code field. Search functionality will continue to actively narrow results as more information is entered. Results will populate based on matches to State Edition course codes.
