The Chronic Absenteeism Report provides information about a school's chronic absenteeism rate for Nevada School Performance Framework (NSPF) reporting. Both Federal and State guidelines / calculations are included.

Before You Begin

Districts should run the [Attendance Aggregation Refresh](#) tool for all calendars after taking a release that includes [Campus.2351](#). This updates attendance output for Chronic Absenteeism. Once this is done, the tool runs automatically each night.

Attendance information is updated when the [Attendance Aggregation Refresh \(AAR\)](#) tool's quartz job runs at 3:45 am each morning. The quartz job recalculates and updates the Attendance Day Aggregation table from which the Chronic Absenteeism calculation is derived.

If you need up-to-the-minute attendance information, use the [Attendance Aggregation Refresh \(AAR\)](#) tool to manually trigger an attendance refresh. When manually run BEFORE 11am, the current day's attendance data is NOT included. When manually run AFTER 11am, the current day's attendance data is included.

Chronic Absenteeism Report Editor

Report Logic

Students are included in the report when:

- They have primary enrollment(s) in the selected calendars that begin on or before the Effective Date selected on the extract editor.
- The Start Status on the enrollment is one of those selected on the extract editor.

One record reports for each school in which a student is enrolled.

- A student who has multiple enrollments in the same school reports one record, but total enrolled days are calculated across all enrollments.
- Records that both meet and do not meet the chronic absenteeism criteria are included, as long as the student is enrolled for at least one day.

Report can be run against a district's active year as well as any prior year.

Attendance occurring any time on and before the effective date is counted.

- Enrolled days are distinct.
 - If overlapping enrollments exist the day will be counted for attendance only once.
 - Attendance is calculated from the primary enrollment for the overlap date.
- Student Absent Attendance calculation:
 - Sum of minutes scheduled.
 - Minus minutes absent as related to the selected State Attendance code(s) as mapped to Local Attendance Codes and assigned to students.
 - Student is counted as 'Present' if the value is less than $\frac{1}{2}$ the scheduled day.
 - Student is counted as 'Absent' if the value is greater than or equal to $\frac{1}{2}$ the scheduled day.
- Minutes are counted as 'Absent' if the Local Student Attendance Codes assigned to a student are mapped to the selected State Attendance Codes for the Ed Facts and NV State Chronic Absenteeism Calculations.
- Attendance is only counted when the Course is marked as 'Attendance'.
- When the student's section is marked as cross-site and the Exclude Cross-Site Data checkbox is marked on the extract editor, the cross-site section enrollment does NOT count toward attendance.

If a school is marked as CEP, all students count as FRL = Y in the report, regardless of an active FRAM record.

If a school marked as Provision II and the calendar end year in the report is greater than one year from the provision base year, all students count as FRL = Y in the report, regardless of an active FRAM record.

With the release of Campus.2319, (and Rx Pack Campus.2315.7) two new fields were added to the AttDayAggregation table, 'stateAbsentMinutes' and 'customAbsentMinutes'. When the 'sp_NV__SummarizeAttendance' attendance calculation is run (*Attendance Office > Settings > Attendance Aggregation Preferences > Aggregation Calculation*), the two new fields populate to the table for use in the Nevada attendance calculation in the Chronic Absenteeism Report.

State Mapped Attendance Codes

Nevada State Mapped Attendance Codes that are counted as Absent Days in the Ed Facts and NV State Chronic Absenteeism Calculations, regardless of Local Status/Excuse combination. The one exception is 'MDP: Medical Professional Excuse Provided', which is only considered for Ed Facts--not NV State.

CIR	Circumstance - Family circumstance, family business, per-arranged, personal business, or emergencies	Ed Facts - NV State
CIT	Child in Transition	Ed Facts - NV State
DOM	Domestic - In excess of 10 days and or unexcused reason for absence	Ed Facts - NV State

JUV	Juvenile Detention - Short term placement in juvenile detention	Ed Facts - NV State
MED	Medical - Parent Provided Excuse	Ed Facts - NV State
NCU	Absence greater than 3 days - Parent notification sent	Ed Facts - NV State
RPC	Required Parent Conference	Ed Facts - NV State
RWY	Runaway	Ed Facts - NV State

Example: A student has 10 days marked 'REL'. 10 days would count towards Federal and 5 days would count towards NV State.
