

Web Service Configuration (Maine)

Last Modified on 03/11/2024 8:44 am CDT

[Prerequisites](#) | [Tool Rights](#) | [Configuring the Web Service](#) | [Next Steps](#)

Classic Path: *ME State Reporting > Web Service Tools > Web Service Configuration*

Search Terms: *Web Service Configuration*

The Web Service Configuration tool indicates where Campus should direct information to and receive information from the State servers (Synergy). This URL is critical for making the connection necessary to send Campus state reports to the state database(s).

This URL should be provided to you by the Maine Department of Education.

Configuring the Web Service

In order to connect Campus to the State system (Synergy), you must:

1. Acquire the End Point URL from the state.
2. Insert the URL into the **EndPoint URL** field.
3. Select the **Save** icon.
4. Move onto the [Web Service Account](#) tool.
