

Health Extract (South Dakota)

Last Modified on 03/11/2024 8:45 am CDT

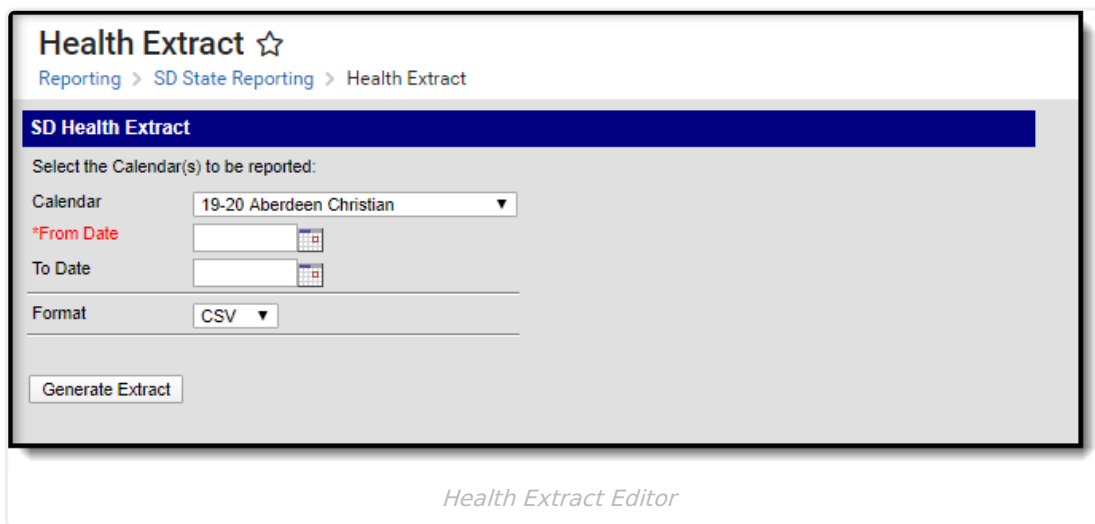

[Report Logic](#) | [Report Editor](#) | [Generating the Extract](#) | [Report Layout](#)

This information is current as of the Campus.2323 (June 2023) release.

Classic View: *SD State Reporting > Health Extract*

Search Term: *Health Extract*

This extract reports height and weight information for students who have undergone health screenings.

The screenshot shows the 'Health Extract' editor interface. At the top, there's a breadcrumb trail: 'Reporting > SD State Reporting > Health Extract'. Below this is a section titled 'SD Health Extract'. The main area contains a form with the following fields:

- 'Select the Calendar(s) to be reported:' with a dropdown menu currently showing '19-20 Aberdeen Christian'.
- '*From Date' with a date input field and a calendar icon.
- 'To Date' with a date input field and a calendar icon.
- 'Format' with a dropdown menu currently showing 'CSV'.
- A 'Generate Extract' button at the bottom.

Below the form, the text 'Health Extract Editor' is displayed.

Report Logic

When the student's Health Appraisal screening record date falls within the extract's To and From Dates and the student's enrollment date range, the student's Health Appraisal record(s) in the selected calendar is reported.

When the student's Health Appraisal screening record date does not fall within any enrollment record date range but does fall within the extract's From and To Dates, logic reports the Health Appraisal record for the enrollment within the calendar selected during the extract's To and From Dates.

- Enrollment Service Type = Primary
 - Enrollments marked as No Show or have an Enrollment Service Type = N or P are not reported.
- Health Appraisal records are entered in Student Information > Health > General > Screenings > New > Type = Health Appraisal

Report Editor

Field	Description
Calendar	The calendar from which data will be pulled.
From Date	The opening date of the date range from which data will be pulled. This is a required field.
To Date	The closing date of the date range from which data will be pulled.
Format	The format in which the report should be generated. Options are CSV and HTML.

Generating the Extract

To generate the South Dakota Health Extract:

1. Select the **Calendar** to be included in the report.
2. Enter a **From Date** in *mmddyyyy* format or by clicking the calendar icon.
3. Enter a **To Date** in *mmddyyyy* format or by clicking the calendar icon.
4. Indicate the **Format** in which the report should be generated, CSV or HTML.
5. Click **Generate Extract** to generate the report in the desired format.
