Classic Path: Student Information > Reports > Service Detail Report

Search Terms: Service Detail Report

The Service Detail Report allows schools to identify which services have been added to a student within a given date range. The report displays detailed student information including the student's name, student number, grade and the following service details: service provider, service start/end date and minute summary.

The screenshot shows the 'Service Detail Report' generation screen. At the top, there's a search bar and a breadcrumb trail: Student > Reports > Service Detail. Below this, a blue header bar reads 'Service Detail Report'. A descriptive text block states: 'For each service within the selected date range, the Service Detail Report will display detailed information of student name, student number, grade, and service details including service provider, service start/end date, and minute summary.'

The main form area is divided into several sections:

- Date Range (Required fields):** Includes fields for '*Start Date:' and '*End Date:' with calendar icons. The end date is set to 04/22/2020.
- Which calendar(s) would you like to include in the report?:** Radio buttons for 'active year' (selected), 'list by school', and 'list by year'.
- Non-Residents students Only:** A checkbox that is currently unchecked.
- Services from Locked Plans Only:** A checkbox that is currently unchecked.
- Service (CTRL-click or SHIFT-click to select multiple):** A list box containing various services like 'All service', 'Accessing Community', 'Adapted Physical Education', etc.
- Print in HTML format:** A checkbox that is currently unchecked.
- Generate Report:** A button to initiate the report generation.
- Calendar Selection List:** A scrollable list of school and year combinations, such as '2019-20 Lakeview Elementary', '2019-20 Luke - Test School', etc., with '2019-20 Sandburg Middle School' currently selected.

At the bottom of the form, there's a note: 'CTRL-click or SHIFT-click to select multiple'.

Service Detail Report

Report Logic

Data is reported from any plan in any Special Ed Plan where services are added to a student's plan document. Services in PLP or other modules where services are logged DO NOT pull into the report.

- Indirect hours, in the Service column, are the sum of all indirect hours of this service offered to all students within the preset date range.
- Direct hours, in the Service column, are the sum of all direct hours of this service offered to all students within the preset date range.

Report Editor

Field	Description
Date Range	Entered dates return only those services that occurred during that time frame. The End Date defaults to the current date. Both Start and End Dates are required fields and can be entered in mmddyy format or can be chosen by using the calendar icon.
Student Types	Two checkboxes exist to return students who only meet these requirement. The report can be generated without either of these options chosen, in which case the report includes students who may or may not have locked plans and who may or may not be non-residents. <ul style="list-style-type: none"> • Non-Resident Students Only - when marked, only those students who are not residents of the reporting district are included in the report. • Services from Locked Plans Only - when marked, only services included on locked plans are included in the report. Services from unlocked plans are not included.
Services	Lists the services that can be included in the report. Multiple service can be selected by using the CTRL and SHIFT (or CMD-SHIFT) keys.
Calendar Selection	Calendars can be selected by the Active Year , by School or by Year . At least one calendar needs to be selected.
Print Format	Mark the Print in HTML Format to have the report display in HTML. Otherwise, the report prints in PDF format.

Generate the Service Detail Report

1. Enter a **Start Date** and an **End Date** for the report.
2. Select the **Non-Resident students only** checkbox, if desired.
3. Select the **Services from Locked Plans Only** checkbox, if desired.
4. Select the **Services** to show on the report. Use the CTRL and Shift keys to select multiple providers.
5. Select the appropriate **Calendars** to include in the report.
6. Select the **Print in HTML format** checkbox to display the report in HTML format, if desired.
7. Click the **Generate Report** button.

The number of Programs that is displayed on the report indicates how many times the service appears on the plan. The number of Plans that displays counts each plan one time. For example, Student A has two plans - Plan A and Plan B. On Plan A, an Audiology service is listed once and on Plan B, an Audiology service is listed twice. The report indicates a total of three Programs and two Plans.

The Frequency value and Frequency Session are entered on the student's IEP when tracking services. The totals are calculated from the number of days marked as instruction that fall with the plan date or plan service dates; those dates must also fall within the student's enrollment start and end dates.
