Add a Registration Queue

1. Click the **New** button. An **OLR Queue Set Up Detail** editor displays.
2. Enter the **Name** of the new queue. This could be a school name or a queue for returning students, or some other category that helps organize the applications coming in.
3. Enter a **Description** of the new queue.
4. Click the **Save** button when finished. The new queue displays in the Set up Editor.
5. Use the **OLR Queue Applications** tool to establish guidelines for the applications and place them into the appropriate queue.
