**Classic View:** PA State Reporting > PIMS Extracts > District Fact Support Personnel (SupPer)

**Search Terms:** PIMS Extracts

The District Fact Support Personnel Template is used to submit the results of the Support Personnel Form, available on the Department of Education website. It includes a count of full time and part time staff who are considered Support Staff, by race/ethnicity and gender as of October 1.

The screenshot shows the 'PIMS Extracts' interface. At the top, there's a green header with the 'Infinite Campus' logo. Below it, the breadcrumb trail is 'Reporting > PA State Reporting > PIMS Extracts'. A blue bar indicates 'PA PIMS State Extracts'. A text box explains: 'This tool will extract data to complete the PA-defined PIMS extracts. Choose the State Format to get the file in the state defined comma-delimited format, otherwise choose one of the testing/debugging formats.'

The 'Extract Options' section contains three fields: 'Extract Type' set to 'District Fact Support Personnel (SupPer)', 'Effective Date' set to '02/08/2021', and 'Format' set to 'State Format(comma delimited)'. Below these are buttons for 'Generate Extract' and 'Submit to Batch'.

A filter section shows 'Refresh', 'Show top 50 tasks submitted between 02/01/2021 and 02/08/2021'. Below this is a 'Batch Queue List' table with columns: 'Queued Time', 'Report Title', 'Status', and 'Download'. The table is currently empty.

## Report Logic

Support staff who are actively employed by the district as of the entered Effective Date are included in the report.

A **District Assignment Title** of one of the following codes need to be assigned in order for the staff to report:

- IAS - Instructional Aids
- SAS - School Admin Support Staff
- LMS - Library Media Support Staff
- ADS - LEA Admin Support Staff
- OTH - Other Support Staff.

The report looks at the **Standard Code** assigned to the Title in the Attribute/Dictionary. Verify these values are assigned to the **EmploymentAssignment > Title** attribute. It should look like this:

The screenshot shows the 'Campus Attributes/Dictionary Editor' interface. The left sidebar lists various attributes, with 'Title' selected and highlighted by a red box. The main area displays the 'Title Dictionary Detail' table, which contains 7 entries. The table has columns for Code, Name, Seq, Value, Standard Code, and Active. The entries are as follows:

Code	Name	Seq	Value	Standard Code	Active
1	ESL-Bilingual	0			X
2	Program Specialist-ESL Certificate	0			X
ADSS	LEA Admin Support Staff	0		ADS	X
INSA	InstructionAid	0		IAS	X
LMSS	Library/Media Support Staff	0		LMS	X
OTHS	All Other Support Staff	0		OTH	X
SASS	School Admin Support Staff	0		SAS	X

The table is displayed on Page 1 of 1, with 250 rows per page. The total number of rows is 7.
