Search Terms: Grading Tasks

Grading Tasks are items to which teachers post grades for report cards, transcripts, midterms and/or eligibility reports. Examples of grading tasks include quarter grade, mid-term progress grade and semester grade. If the school is on trimester terms, the grading tasks might be trimester grade or final grade.

See the core [Grading Task Setup](#) article for additional information related to Grading Tasks.

The Course Grading Tasks tool lists the grading items the teachers must score as part of the grading process. These tasks include mid-term grades, quarter grades, semester grades, etc.

The screenshot shows the 'Course Grading Task Detail' form. It includes fields for 'Grading Task', 'Semester' (with a dropdown menu showing 'Secondary Alpha'), 'Term GPA' (with a text input field containing '1.5'), 'Credit' (with a text input field containing '1.5'), 'Credit Type' (with a dropdown menu showing 'LA-English 12'), and 'Credit Overflow Override' (with a dropdown menu). There are also checkboxes for 'Term Mask' (with 'Term 1' selected) and 'Post-only Grading Task'.

Credit

Indicates how much course credit the student receives towards graduation. This field reports on the Student Course Enrollment extract as Credits Offered.

- When the student's grade is posted to the Transcript, this field reports the total of all credits attempted from the Transcript if the record is the most recent roster record with a grade posted to the Transcript and an Attempted credits value entered.
- When the student's grade is entered on a Grading Task flagged as State Reported and is NOT posted to the Transcript, this field reports the sum of all possible credits for the section from all grading tasks present on the Course Master or Course.
