The Instruction Mode tool allows districts to record the learning environment in which a student is participating. Fields that are unique to Montana are described below. For information on all other fields, please see the [Instruction Mode](#) article.

For State Edition users, please note that Instruction Mode is Read-Only and changes may not be made to records at this level.

Instruction Mode Detail Editor

Instruction School

The Instruction School number auto-populates based on the school selected in the Campus toolbar. Users may manually enter a different school number if necessary.

Users may NOT create overlapping records within the same Instruction School.
