## Report Layout | Filters | Exporting Reports

The **Reports** area allows support contacts to pull and export case information. This is found under Cases > Reports.

The following reports are available:

- All Cases All district cases, including Closed
- All Idea Cases- All cases submitting enhancement requests
- All Open Cases All district cases that are currently Open
- All Open Issue Cases All cases with a Status of Assigned to Development
- All Pending Cases All cases awaiting a customer response including Pending Customer Input and Pending Customer Verification

Reports						
Name			Description			
All Cases			All cases, including close	d cases.		
All Idea Cases			All idea/enhancement req	uests submitted by the di	strict.	
All Open Cases			All cases that are current	y open.		
All Open Issue Cases			All cases with a status of	assigned to development.		
All Pending Cases			All cases waiting for a res	20200		

## **Report Layout**

Click on a report's name to view it. All reports contain the same headers by default.

Header	Description	
Total Records	Displays the number of cases included in the report.	
Case Number	The record's unique identifier. Click to open the case record.	
Date/Time Opened	The day and time when the case was submitted.	
Case Date/Time Last Modified	The day and time when an update was last made to the case details.	
Account Name	Name of the district who submitted the case.	
Contact Name	The Authorized or Technical support contact who submitted the case.	
Status	The current state of the case in its life cycle.	
Case Record Type	Categorization of the case chosen by the contact at its creation. Eg. Ask a Question.	
Module	The part of the Campus product that the case pertains to.	
Case Owner	The Support resource working the case.	
Subject	Title of the case. Click to open the case.	
Description	The question being asked, explanation of the issue being reported, or details of the service request.	
Resolution	Answer to the question asked, solution to the issue reported, or summary of services provided.

## **Filters**

**Filters** may be adjusted to include cases based on certain criteria. Some filters will be preselected and are locked.

To update the Filters:

- 1. Click on the **Filters** (funnel) icon.
- 2. Click on the **filter** to adjust.
- 3. Use the **dropdowns** to select the desired search parameter.

- 4. Click Apply.
- 5. Click the Filters (funnel) icon again to close the filters panel.

## **Exporting Reports**

Reports may be **exported** into formatted or details only reports:

- **Formatted Report** Exports the report as it appears in the Portal, including headers, groupings, and filter details. Exports in Excel Format .xlsx.
- **Details Only** Exports only the detail rows. Use this to do further calculations or upload to another system. Exports in Excel Format .xlsx, or as Comma Delimited .csv.

To export a report:

- 1. Click on the **Export** button.
- 2. Choose **Formatted Report** or **Details Only**. The option selected will be indicated with a green and white check mark.
- 3. If choosing Details Only, use the drop down to select the Format.
- 4. Click **Export**.
