Tool Search: Section Student Detail

The Section Student Detail tool allows districts to collect section data on a student-by-student basis that is unrelated to scheduling.

See the core [Section Student Detail](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and extracting Section Student Detail records.

The screenshot shows the 'Section Student Detail' interface. At the top, there's a green header with the Infinite Campus logo. Below it, the section title 'Section Student Detail' is followed by a star icon and the text 'HSLA013S1-1001 English 10 A Teacher: Staff, Daniel'. The main area is divided into two sections: 'Search Students' and 'Display Records'. The 'Search Students' section has a search bar with the placeholder 'Minimum 3 characters required'. The 'Display Records' section has three tabs: 'Previous', 'Active', and 'Future'. Below the tabs, there's a table with columns for 'Student', 'Start Date', 'End Date', and 'Career Readiness'. The table lists several students: Alicia (10) #12345678, Asher (10) #23456789, Beth (10) #34567890, Brian (10) #45678901 (marked as 'DROPPED: 08/24/2022'), and Callie (10) #56789012. For each student, there are fields for 'Start Date', 'End Date', and 'Career Readiness' (Yes: Yes). At the bottom, there are two buttons: 'New' and 'Batch Fill'.

Add Section Student Detail Records

To add a new Section Student Detail record for students, click **New**. The Section Student Detail side panel opens. Select the appropriate students, add the Start and End Dates, then select the Career Readiness option for the selected students.

Add a record for ALL students in the section who do not already have a record by using the **Batch Fill** option.

Overlapping records are not allowed.
