Ohio Building General Information Detail (DN) Editor

School

Use this field to select the School/Building for which the data is being collected.

School Year

Users must select the School Year for which data is being collected.

District Group Fields

Use the District Group fields to track the number of months spent on each Positive Behavior Intervention Support (PBIS) Implementation Stage.

▶ Click here to expand...

Financial Group Fields

In the Financial Group fields, enter the square footage of the building, the percentage of meals served, and the percentage of district students who are bused to the school.

▶ Click here to expand...

Physical Education Evaluation Group Fields

These elements record student levels of achievement and are required during the Traditional Districts End of Year Student (S) Collection and the SOES End of Year Student (S) Collection. The number of records submitted depends upon the grades at each building that are assessed.

Student Group Fields

In these fields, users may determine the 5-year age requirement for kindergarten admittance, the number of home-school students within the district, students who are eligible for special education but are not being served by the district, the number of students who are not eligible for special education services, and the number of preschool transition conferences held by and after third birthdays.
