

Submissions (Assignments & Resources) [.2211-.2307]

Last Modified on 03/13/2023 2:53 pm CDT

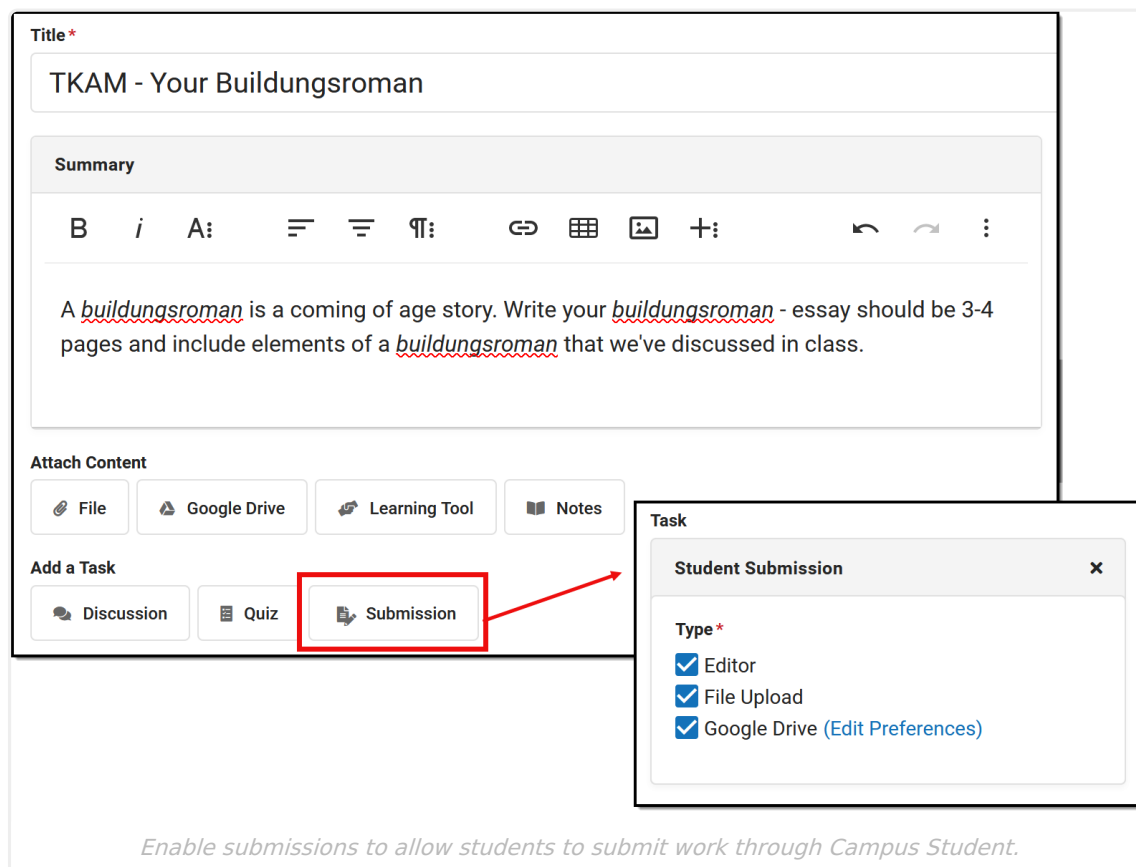

[Receiving Submissions](#) | [Viewing a Student Submission](#)

The Submissions option displays if your district has Campus Learning and has given you the *Enhanced Curriculum* tool right. Specific options are dependent on district and school configuration.

PATH: *Campus Instruction > Grade Book or Planner > Assignments*

Submissions are one type of task that can be added to assignments and resources. This option allows students to submit work in various forms through [Campus Student](#), work which teachers can then view and score within Campus.

Types of submissions include through a text editor or file attachment.

Title *

TKAM - Your Bildungsroman

Summary

B i A: [Formatting icons]

A bildungsroman is a coming of age story. Write your bildungsroman - essay should be 3-4 pages and include elements of a bildungsroman that we've discussed in class.

- ☒ Google Drive ([Edit Preferences](#))

Enable submissions to allow students to submit work through Campus Student.

From an assignment or resource, click **Submission** and then select which types of submissions should be allowed. Options available depend on your district's setup.

Include instructions for the submissions in the Summary of the assignment.

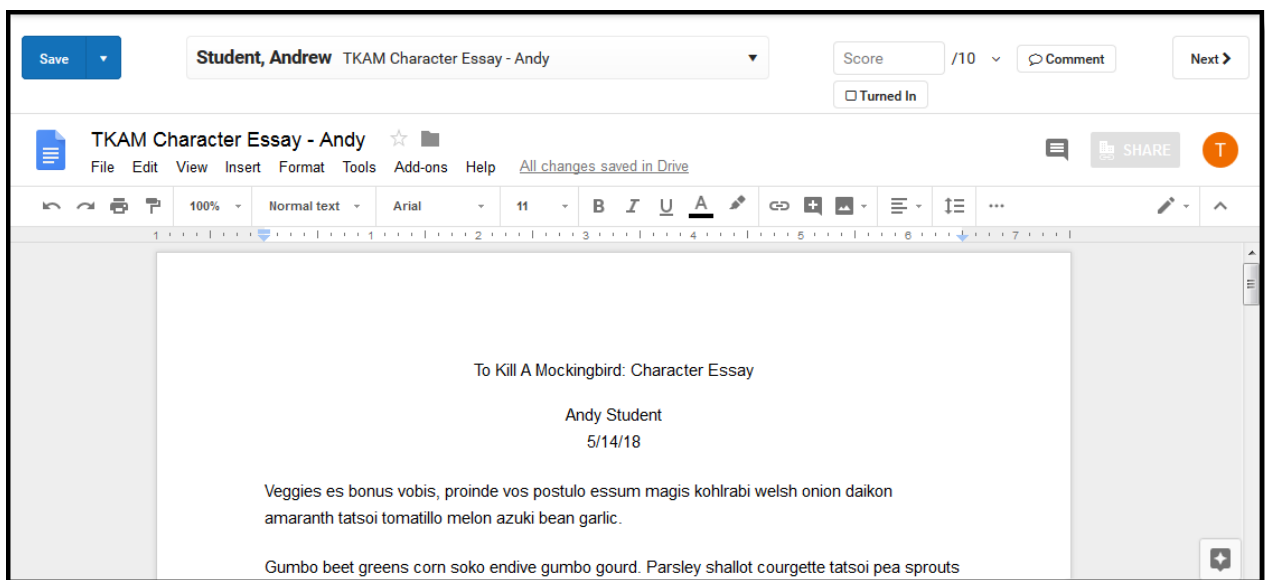

Student Submission Column in the Scoring Editor

Student submissions are indicated by a date stamp in blue, which functions as a link to the submission itself. The date reflects the most recent time the student saved the submission. The blue speech bubble icon, as shown in *Image 6*, indicates that the student has submitted a comment separate from the response.

Students may enter comments without submitting an assignment. The date stamp and all comment icons function as links to the specific submission.

Viewing a Student Submission

Clicking the date stamp or the comment icon opens the **Submission Scoring Screen**.

Scoring Student Submissions

From this screen, teachers can page through student submissions and enter scores, comments, and flags. Navigate between students using [Next >](#).

Click [Submissions](#) to view additional submissions for the student, and to view student comments, provide feedback to comments, or give students edit rights to their Google files (if using [Google Drive Integration](#)).

See the [Scoring Submissions](#) article for more information about scoring assignments from this screen.

Teacher Feedback

Teachers can enter feedback in response to student comments. From the Submission Scoring Screen, click **Submissions** to view student comments and respond as needed. This feedback is different from assignment comments; feedback can be used to respond to student comments or student work, whereas comments may apply to the assignment and score as a whole. Feedback is available to students in [Campus Student](#) upon **Save**.

Student's Comment

I'm confused about how to site a website in my bibliography.
