This event entity represents the recording of a student's survey results based on their participation in the 21cclc program. It will depend on a student having a 21cclc program record and the survey fields being populated.

Object Triggering Logic

This table describes logic for triggering syncing of this object.

Action	Trigger
Post	When a 21cclc program record exists within the scope year and the Evaluation Date is populated. Note: If there is more than record returned, report from the record with the most recent evaluation date
Delete/Post	When Evaluation Date is updated.
Post	When an attendanceUnit record that is tied to a CCLC-reportable course is updated to delete = '0'.
Put	If one of the survey questions are changed
Delete	Delete record if evaluation date is removed
Delete	When the 21cclc program record is deleted
Delete	When the 21cclc program dates are updated to no longer fall within the scope year
