This association represents the Title III Language Instruction for Limited English Proficient and Immigrant Students program(s) that a student participates in or from which the Student receives services.

Object Triggering Logic

This table describes logic for triggering syncing of this object.

Action	Trigger
Post	<p>Report a record when a student has an EL record with a Program Status of: EL, Exited EL, or Not EL (Must have a corresponding EL Service of type "EL-I: Student incorrectly reported as EL" to report Not EL) AND an enrollment that overlaps the current configured year.</p> <ul style="list-style-type: none"> Do not report a record if the any of the following exclusions are present: <ul style="list-style-type: none"> Enrollment State Exclude Enrollment No Show Enrollment Grade Exclude from State Reporting Calendar Exclude School Exclude The Programs record must exist in the ODS prior to sending a Student Language Instruction Program Associations record. <ul style="list-style-type: none"> If the Programs record does not already exist in the ODS, the Programs record will be sent prior to the Student Language Instruction Program Associations record. If there are multiple enrollments, use the following priority list to determine which one should report: <ul style="list-style-type: none"> Primary > Partial > SPED Earliest Start Date Latest Enrollment ID Only reports the most recent EL record. No historical EL records will report.
Delete/Post/Put	<p>A DELETE/POST is performed if the data element being altered is part of the resource's natural key. A PUT is performed otherwise.</p> <ul style="list-style-type: none"> When the following EL Program information changes: <ul style="list-style-type: none"> Program Status Identified Date Program Exit Date Exit Reason First Year Monitoring Second Year Monitoring Third Year Monitoring Fourth Year Monitoring When the following EL Services information changes: <ul style="list-style-type: none"> EL Services ID (New EL Service) Service Type Start Date End Date When the following Enrollment information changes: <ul style="list-style-type: none"> Enrollment ID (New Enrollment) Start Date End Date No Show State Exclude
Delete	<ul style="list-style-type: none"> When the enrollment being reported off of is deleted. When the enrollment is changed to no longer overlap the configured year. When the student is excluded through their enrollment, calendar, grade level, or school. When the EL record being reported off of is deleted. When the EL record is changed to no longer overlap the configured year.

School Exclude, Calendar Exclude, Resource Toggle and Resync Logic

This table describes the School Exclude, Calendar Exclude, Resource Toggle and Resync logic of this object.

Action	Trigger
None	If a resource is toggled to 'OFF' after data has sent, all sent data will remain in the ODS but no new data will send.
Resync	If a record is in the Ed-Fi Identity Mapping table and not in the ODS, it will be deleted from the Ed-Fi Identity Mapping table.
Resync	If a record is in the ODS and it does not have a matching record in Campus or the Ed-Fi Identity Mapping table, it will be deleted from the ODS.
Resync	If a mapping is changed in Resource Preferences, a resync will need to be done to reflect the changes.

Natural Key Changes, Cascading Updates, and Deletes Logic

This table describes the Natural Key Changes/Cascading Updates and Deletes logic of this object.

Action	Trigger
Post/Delete	Natural Key changes: <ul style="list-style-type: none"> • LEA Reference - District Numbers cannot change after data has been sent. If a district number changes, we would expect an Ed-Fi error and this change would not be supported. • If an Ed-Fi ID changes, a delete/post will occur with the cascading deletes from the Ed-Fi ID Change triggers. • If the Program Name or Program Type Descriptor mapping changes and a resync is completed. • If the Identified Date of the EL program record changes.
Delete	Cascading Deletes: N/A there are no dependent resources.

Scope Year Logic

This table describes scope year logic of this object.

Business Rules
The record will send to any year the EL record overlaps with if the student has an enrollment in that year.
Data will only send for the years that have valid configuration.

Resource Preferences

This table describes the Resource Preferences of this object.
