Tool Search: Teacher Hall Pass View

The Teacher Hall Pass View is used to assign and review hall passes for all students who are rostered into their courses. All locations that are either assigned to this room or locations flagged as all rooms from Hall Pass Settings will be available. Teacher Hall Pass View will default to the current period that is in session when opened.

To issue a hall pass, teachers select the Location that the student is requesting to go to. Once selected, the Remaining Time column will display the amount of time the student has remaining on the pass. The Location button will be green if the pass duration is greater than one minute, yellow with less than one minute remaining, and red if that pass is beyond the duration. The Remaining Time will display as Pass Expired when there is no time remaining.

If a hall pass is issued to a student in a restricted group, all other students in that group will display a red "R" after their name and a hall pass cannot be issued until the other student(s) in the group pass has been ended.

Delete - End hall passes in Teacher Hall Pass View.

For more information about Tool Rights and how they function, see the [Tool Rights](#) article.

Issuing a Hall Pass

A hall pass will only end once a teacher or administrator has chosen to end the pass, even if the time expires. It will remain active after time has expired to prevent other students from getting their passes due to limits and restrictions.

1. Select the period the hall pass will be issued during.
2. Locate the student within the list. Students are listed alphabetically.
3. Click a Location button within the student's row. The hall pass will remain active until no time is left in the Remaining Time column or the End Pass button is clicked.

Create Hall Pass for Non-Rostered Student

Use the Create Hall Pass button to create hall passes for non-rostered students who may be in a classroom, but are not on the roster. Rostered students will not appear in the student list of Create Hall Pass for Non-Rostered Student.

Create Hall Pass

1. Click **Create Hall Pass**.
2. Select a Student.
3. Select a Hall Pass Type.
4. Click **Save**. The hall pass can be viewed and edited using the [Student Hall Pass Lookup](#) tool.

Ending a Hall Pass

To end a pass, a teacher can click the **End Pass** button. This is used if the teacher can end the pass immediately following the student's return to class. If a teacher cannot end the pass immediately, the teacher can click **Options** and select **End Pass on Time**. This will end the pass immediately upon clicking this button, but will record the total hall pass time as the total duration of the pass versus when the End Pass on Time button was selected. See below for examples:

Example 1: If a student is issued a five minute hall pass at 1:30 PM and the teacher clicks **End Pass on Time** at 2:00 PM, the pass will be ended immediately, but the historical record will show that the pass ended at 1:35 PM.

Example 2: If a student is issued a five minute hall pass at 1:30 PM and the teacher clicks **End Pass on Time** at 1:31 PM, the pass will be ended immediately, but the historical record will show that the pass ended at 1:35 PM.

Adding Time and Comments to an Existing Hall Pass

Comments made to a hall pass will also appear in the [Hall Monitor Grid](#). The comment field also has a 100 character limit.

NAME	REMAINING TIME	LOCATIONS			
Katie Benza	9m 23s	End Pass	Options	Pass Issued	
Mark Aagard		Bathroom 2nd Floor	End Pass on Time	Water Fountain 2nd Floor	Locker
		Library/Media	Edit	Other: Teacher Assigned	Health Office

1. Click **Options** for the student who will receive more time.

2. Click **Edit**. The Pass Details pop-up will appear.
3. Enter a comment and the amount of time in the Add Time field. Time can only be added in increments of minutes.
4. Click **Save**. The time will added to the remaining time.

Viewing and Editing Passcode

Teachers can review or change their Passcode using the View/Edit Passcode button in the top right corner of the Teacher Hall Pass view. This 6-digit code is used to approve a student's requested hall pass.
