Report Logic

- The course must be flagged as being an Online Learning class for students in that course to appear in the report.
- Calendars, Grades and Students marked State Exclude will not be included in the report.

Report Editor Details

Editor Field	Description
--------------	-------------

Editor Field	Description
Calendars	The calendar(s) from which data is pulled from the report. Courses attached to these calendars will appear on the report.
Format	The format in which the report will generate. Options include State Format (Fixed Width), CSV, XML and HTML. CSV, XML and HTML formats are used for data review and verification, while State Format should be used when submitting reports to the state.
Report Student Legal Identities When Provided	Indicates if Demographics fields should report from the <i>Protected Identity Information</i> area of the Identities tab.
Student Ad Hoc Filter	Limits student records reported to those that meet the parameters of an existing Ad hoc Filter.
Generate Extract / Submit to Batch	Users have the option of submitting the report request to the batch queue by clicking Submit to Batch instead of Generate Extract. This process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.

Generating the Extract

1. Select the **Calendar(s)** to be included in the report.
2. Indicate the **Format** in which the report should generate.
3. Indicate if Demographics fields should **Report Student Legal Identities When Provided**.
4. Select a **Student Ad Hoc Filter** to limit report results to a pre-defined filter.
5. Click the **Generate Extract** button to generate the report in the indicated format or **Submit to Batch** to schedule when the report will generate.
