The Assessment Accommodation Modification Fact Extract reports test modification data for students who have taken assessments with a State Code of **RCT** or **ALTRCT** on or before the Effective Date when the report is generated. A record reports for each testing modification selected for the associated assessment.

The Campus location for the State Code is Test Setup > Tests > Test Detail > Test Type > State Test > State Code.

## Report Logic

- When a student has more than one enrollment, one record reports for the student for the

calendar where their enrollment dates fall within the assessment date.

- When a student has more than one enrollment in separate calendars/schools as of the effective date, the calendars are selected when generating the report, and the student took the assessment in each calendar, a record reports for each Testing Modification for each assessment for each calendar.

## Extract Editor Field Descriptions

Field	Description
<b>Extract Type</b>	The SIRS Extract to run.
<b>Effective Date</b>	The date for which information reports.
<b>Included State Grade Levels</b>	Identifies the state grade levels to include in the report.
<b>Test State Codes</b>	The state tests on which to report.
<b>Format</b>	The Format in which the report should generate. Options are State Format (CSV) and HTML. Use State Format for reporting information to the state and the other types for data review and verification.
<b>Ad Hoc Filter</b>	Selecting a filter limits the results to only those included in the filter.
<b>Column Headers</b>	Indicates whether Column Headers should be included in the report. This dropdown list applies to State Format (CSV).
<b>Generate Extract/ Submit to Batch</b>	Users have the option of submitting a report request to the batch queue by clicking <b>Submit to Batch</b> instead of immediately generating the report by clicking <b>Generate Extract</b> . The batch process allows larger reports to generate in the background without disrupting the use of Campus. See the <a href="#">Batch Queue</a> article for more information about submitting a report to the batch queue.
<b>Select Calendars</b>	Identifies which Calendar(s) should be included in the report. Calendars can be sorted by active year, by school or by year.
