

PLP Services

Last Modified on 07/31/2025 12:37 pm CDT

Tool Search: PLP Services

The Services tool lists the services that can be provided to students based on the needs identified in the learner planning [documents](#).

PLP Services

See the [PLP \(Personal Learning Plan\) Administration Tool Rights](#) article for information about rights needed to use this tool.

Existing services can be modified by clicking the Name of the service in the Plan Service Editor, making modifications and clicking the **Save** button in the action bar.

Create a New Service

1. Select the **New** button in the action bar.
2. Enter a unique **Name** for the service.
3. Select the **Type** of service. Based on the requirements of some states' learner plan documentation, this field will determine where this service will appear in the Services dropdown list in a student's learner plan document.
4. Select a **State Code** for the service.

5. Enter a **Funding Code** to designate how this service is paid for.
6. Enter an **HCPC Code** (Healthcare Common Procedure Code). This field is typically used for Medicare/Medicaid billing.
7. Select the **Unit** indicating service frequency. Examples include 15 minutes, daily, and per visit.
8. Enter the **Billing Rate** paid for this service.
9. Enter a **Description** of the details of this service.
10. Mark the **Active** checkbox to indicate if this service should appear to be selected in learner plan documents.
11. Mark other checkboxes as appropriate:
 - **UTBI**: Unrelated Taxable Business Income, used when payment for the services provided are taxes as income by the federal government.
 - **CADI**: Community Alternatives for Disabled Individuals, a government-funded program for qualified individuals.
 - **TBI**: Traumatic Brain Injury, used to identify individuals with this type of injury.
12. Click the **Save** button to save the service.

Services are selected and recorded on the student's Learner Plan on the Services editor.

This image shows an example of how services are used in PLP documents. Documents vary by state.

The screenshot displays the 'PLP Services Editor' interface. On the left, a sidebar lists various sections: Plan Outline PLP, Education Plan, Student Demographics, Parent/Guardian Information, PLP Team Meeting, Goals and Objectives, **Services** (highlighted), Assessments, and Learning Attributes. The main area is divided into two panes. The top pane, titled 'Service Provided List', contains a table with columns for Service Provided, Time, Start Date, and End Date. It lists 'Tutoring' with a time of 35.0/0.0, starting on 01/15/2014 and ending on 06/12/2014. The bottom pane, titled 'PLP Service Editor', is used for configuring a specific service. It features a dropdown menu for '*Service' (currently set to 'Tutoring'), a dropdown for 'Service Provider' (set to 'Tutoring Agency LLC'), a dropdown for 'Service Position' (set to 'Advanced Math Tutor'), and a text field for 'General Ed Location'. There are also date pickers for '*Start Date' (01/15/2014) and '*End Date' (06/12/2014). At the bottom, there are input fields for 'Minutes per session' (with '*direct' at 35 and '*indirect' at 0) and 'Session frequency' (with '*# sessions per' at 6 and '*Service Frequency' set to 'month'). A 'Display on Print' checkbox is also present.
