Generate the BIE CEIS Reports

1. Select a **School** or select "**All Schools**" from the Tool Bar.
2. Select the **Report Type**.
3. Select the **Reporting Year**.
4. Select a **filtering option**. Only available for CEIS Student Participation, Report Type.
5. Select the **Format**.
6. Click the **Generate Report** button for a single school selection, or **Batch Queue** when generating for 'All Schools'. The report appears in a separate window in the designated format (CSV or HTML).

Understanding the BIE CEIS Report

When the 'Eligible for SPED - CEIS Student Count' or the 'Returned to General Ed - CEIS Student Count' report types generate, one record will report for the school selected in the tool bar. If 'All Schools' is selected in the tool bar, one record reports for each active school in the file.
