

# Tool Rights (Lockers)

Last Modified on 04/05/2024 2:57 pm CDT

[School & District Settings > Lockers](#) | [Student Information > General > Lockers](#)

Tool Rights determine the level of access users have to tools throughout Campus. This article refers to tool rights in abbreviated form (i.e., R, W, A, D or any combination of the four). Sub-rights appear as *italicized*.

Right	Description
<b>R (Read)</b>	The <b>R</b> right indicates the information on the corresponding tool may be viewed by the user. When applicable, the user is also allowed to print information. The user will <b>NOT</b> have access to the Save, Add or Delete icons in the action bar.
<b>W (Write)</b>	The <b>W</b> right indicates the user may view and modify the information on the corresponding tool. The Save icon in the action bar will be functional. This right allows the user to modify only existing data in the area since adding new data is controlled by the <b>A</b> right. This right includes the ability to change or remove data from a specific field.
<b>A (Add)</b>	The <b>A</b> right indicates the user may view, modify and add to the information on the corresponding tool. The New and Add icons in the action bar will be functional. This right allows the user to add new data/records.
<b>D (Delete)</b>	ASSIGN THIS RIGHT WITH CAUTION. The <b>D</b> right indicates the information on the corresponding tool may be deleted. The Delete icon in the action bar will be functional. This right provides the ability to completely remove an existing record, including all data contained within the record. The ability to change/remove data from a field is controlled through the <b>W</b> right.

RWAD Rights assigned at the module or folder level give those rights to all features within the module.
