Staff Course Record - HTML

Report Logic

Logic applies to K-12 and Early Education except where noted:

- Only generates when the associated State Code (SCED Subject Area) is:
 - lower than '81' (K-12)
 - '81' or higher (Early Education)
- Reports all Primary Teachers and Teachers scheduled into sections in the primary term schedule within the Date Range of the extract editor from selected calendars.
 - The primary Term Schedule's Term start/end dates are used to determine the reporting population.
- Course must be marked Active and have a SCED Course Identifier to report.
- Section Staff are NOT reported
- Staff members marked 'Not State Reported' do NOT report.
- Reports a single record per section. Each staff assigned to the course reports in an instance of the 'StaffRecord' section per 'CourseSectionRecord'.
- If **Report District Wide** is marked on the extract editor, all calendars report unless marked

State Exclude.

- If **Inactive Courses** is marked, all sections report regardless of roster.
- Does not report for course when course is marked 'State Report Exclude' on the course editor.
- **File Naming Convention:** MCCCStaffCourseRecord_StateDistrictNumberType.xml

For guidance in validating the XML file against your state's schema using a free, third-party program, see the [Validating an XML File Against a Schema File](#) article.
