

current date, whichever is earlier.

- The Include Rosters checkbox is only available for Calendar and Program Report Options.
- FRYSC centers are sorted alphabetically by name.
- Calendars are sorted first by year and then alphabetically by name.
- Programs are sorted alphabetically by calendar first and then alphabetically by program name.
- The report is sorted based on the Report Option selected and then by Program Start Date, from earliest start date to most recent.
- When the **Exclude Cross-Site Data** checkbox is marked, the report does not include cross-site homeroom data. Cross-site must be enabled at the district level for this checkbox to display. This checkbox defaults to marked.

The generated file name is structured as follows:

- **District Edition:** FRYSC_DistrictNameCo_YYYY_GrpPgm.pdf
 - The District name is truncated, so the word County is truncated to Co, and the word Independent is truncated to Ind, and any part of the name after the Co or Ind is removed. The name is not truncated if a district has neither the word County or Independent.
 - YYYY = the four-digit end year being reported. This year is pulled from the end date entered in the Date Range on the extract editor. For example, if the end date entered is 06/30/2013, the end year reported is 2013.
- **State Edition:** FRYSC_YYYY_GrpPgm.pdf
 - YYYY = the four-digit end year being reported. This year is pulled from the end date entered in the Date Range on the extract editor. For example, if the end date entered is 06/30/2013, the end year reported is 2013.

Generate the FRYSC Group Program Report

1. Enter the **Date Range**. Only FRYSC Group Programs active within the date range entered are reported.
2. Select a **Report Option**:
 1. **FRYSC** - Report data is run against FRYSC Center data sets.
 2. **Calendar** - Report data is run against School (Calendar) data sets.
 3. **Program** - Report data is run against Program (FRYSC Group Program) data sets.
3. Select the **FRYSC Center, Calendar, or Group Programs** used to report data based on the Report Option selected.
4. When applicable, mark the **Exclude Cross-Site Data** checkbox. This checkbox defaults to marked. When marked, the report does not include cross-site homeroom data. Cross-site must be enabled at the district level for this checkbox to display.
5. Filter data by selecting an **Ad Hoc Filter** (optional).
6. Select how the report will be generated:
 - **Generate Report:** The report generates immediately and displays in a new window in the designated format.
 - **Submit to Batch:** The report can be scheduled for when it generates and is sent to the [Batch Queue](#) tool.
