

# FRYSC Group Program Report (Kentucky)

Last Modified on 10/21/2024 8:21 am CDT

[Report Logic](#) | [Generating the FRYSC Group Program Report](#) | [Understanding the FRYSC Group Program Report](#)

Tool Search: FRYSC Group Program Report

The FRYSC Group Program Report provides aggregate and student-level information about usage of FRYSC group programs in a given district.

FRYSC Group Program Report ☆
Reporting > KY State Reporting > FRYSC Group Program Report

**FRYSC Program Group Extract**

The FRYSC Group Programs report pulls data from the student FRYSC tab. The report can be run by FRYSC Center, Calendar, or Program. Note: if no Group Programs are set up in the Programs > FRYSC Group Programs administrative screen, no programs will appear in the selection box when the Program radio button is selected.

FRYSC Group Program Report Editor

## Report Logic

The following report logic is used:

- An aggregate count of students and parents participating in FRYSC Group Programs is reported.
- Only FRYSC Group Programs with start and end dates that overlap the date range entered on the extract editor will report.
- Students marked as State Exclude or with No Show enrollment records are included in reported data.
- If a Group Program has no end date, the report will assume the end date is June 30th of the same FRYSC school year as the Group Program's start date.

- The Date Range on the extract editor will default to the following:
  - The Start Date will default to 07/01 of the year selected in the Campus toolbar.
  - The End Date will default to 06/30 of the school year selected in the Campus toolbar or the current date, whichever is earlier.
- The Include Rosters checkbox is only available for Calendar and Program Report Options.
- FRYSC centers are sorted alphabetically by name.
- Calendars are sorted first by year and then alphabetically by name.
- Programs are sorted first alphabetically by calendar, then alphabetically by program name.
- The report is sorted based on the Report Option selected and then by Program Start Date, from earliest start date to most recent.

The generated file name is structured as follows:

- **District Edition:** FRYSC\_DistrictNameCo\_YYYY\_GrpPgm.pdf
  - The District name is truncated, so the word County is truncated to Co, and the word Independent is truncated to Ind, and any part of the name after the Co or Ind is removed. The name is not truncated if a district has neither the word County or Independent.
  - YYYY = the four-digit end year being reported. This year is pulled from the end date entered in the Date Range on the extract editor. For example, if the end date entered is 06/30/2013, the end year reported is 2013.
- **State Edition:** FRYSC\_YYYY\_GrpPgm.pdf
  - YYYY = the four-digit end year being reported. This year is pulled from the end date entered in the Date Range on the extract editor. For example, if the end date entered is 06/30/2013, the end year reported is 2013.

## Generating the FRYSC Group Program Report

1. Enter the **Date Range**. Only FRYSC Group Programs active within the date range entered are reported.
2. Select a **Report Option**:
  1. **FRYSC** - Report data is run against FRYSC Center data sets.
  2. **Calendar** - Report data is run against School (Calendar) data sets.
  3. **Program** - Report data is run against Program (FRYSC Group Program) data sets.
3. Select the **FRYSC Center, Calendar, or Group Programs** used to report data based on the Report Option selected.
4. Filter data by selecting an **Ad Hoc Filter** (optional).
5. Select how the report will be generated:

<b>Generate Report</b>	The report will generate immediately and display in a new window in the designated format.
<b>Submit to Batch</b>	The report can be scheduled for when it generates and will be sent to the tool.
