Tool Search: Title 1 Services

Title 1 is a federally funded program designed for the academic achievement of the disadvantaged student. For a student to participate in Title 1 Services, the school must be marked as TAS or SWP on the School editor. If the school is marked as TAS, Title 1 services must be entered on the individual student's Title 1 tool.

The information entered on the Title 1 Services tool is also reported on the Title 1 Report.

See the core Title 1 article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Title 1 records.

Title 1 and School Choice Options

The following provides information on the Options used in Title 1 reporting.

School Improvement

Tool Search: School Choice

Public School Choice provides students in schools that are in Improvement, Corrective Action or Restructuring status an opportunity to attend a school that is not in Improvement status and is identified by the district as a receiving school. Public School Choice is available to all students in a Title 1 school identified in Improvement, Corrective Action or Restructuring.

This is chosen on the student's Enrollment record.

The following choices are available:

- **01: Transferred From School Choice:** Students whose school of residence is a Title 1 school in Improvement status and offers school choice may choose to withdraw and transfer from this school based on public school choice (must be attached to a student's End Status enrollment record).
- **02: Transferred to School Choice:** Students whose school of residence is a Title 1 school in Improvement status and offers school choice may choose to transfer and enroll into this school based on public school choice (must be attached to a student's Start Status enrollment record).

Improvement Year 2, Corrective Action or Restructuring

Tool Search: Attendance Group

Supplemental Educational Services (SES) are additional academic instruction designed to increase the academic achievement of students in schools receiving Title 1, Part A services identified as in need of improvement (Year 2 or higher). These services may include academic assistance such as tutoring, remediation and other educational interventions provided outside of the regular school day. Students from schools in year 2 of Improvement and above schools who meet low income requirements are the only students eligible to receive SES services.

SES is entered on the Attendance Group tool.
