Report Logic

This report excludes over-age and under-age students. Students meeting any of the following criteria are not reported:

- Students marked "Perkins Only."
- Students marked "State Exclude" on enrollment, calendar or grade.
- Students in grade levels 95, 96, 97, 98 and 99. These grades will not be used in calculations or displayed as line items.
- Districts create a behavior event with a resolution mapped to SSP1 if the student is still receiving services from the district after expulsion. Students are marked absent with an absence mapped to state code "U" only if they are not receiving services on a given day.
 - Only the days marked absent during the time period of the behavior resolution SSP1 show on RX in the Expelled Aggregate Absent Days field.
 - The student's present days will appear in the Expulsion Aggregate Present Days field.
- Districts create a behavior event with a resolution mapped to SSP2 if the student is not receiving any services after the expulsion. Students are marked absent for all remaining days of the expulsion with absences mapped to state code "U".
 - Days marked absent during the time period of the behavior resolution SSP2 show on RX.

RX feeds the R7 Adjustment category. Absent days feed the absent Adjustment field AND the present Adjustment field on R7. Present days do not feed to R7.

- Tardies: RX does honor the tardy rule in the 2009-2010 attendance model and will follow the rules for "cut points" in tardy and absent time in the 2010-2011 WDHD model as well.
