Selection Criteria

Only students who meet the following criteria will be reported within the Reading Intervention Extract:

- Students must be in grade levels 00, 01, 02, 03, or 14.
- Students must be actively enrolled and the Effective Date entered on the extract editor must fall within the student's active enrollment.
- Students must be rostered into a course marked Homeroom on the Course editor. This extract pulls homeroom status from the course, not the section.
- No Show students are excluded from the extract.
- Students marked as State Exclude are excluded from the extract.
- Calendars and Grades marked Exclude are included within the extract.
- When the **Exclude Cross-Site Data** checkbox is marked, the report does not include cross-site homeroom data. Cross-site must be enabled at the district level for this checkbox to display. This checkbox defaults to marked.

Generate the Extract

1. Enter the **Effective Date**. Active enrollment records as of this date are reported.
2. Select which **Calendar(s)** to report data.
3. Select the report **Format**. Use the HTML format for data analysis and the State Format (CSV) format when submitting data to the state.
4. When applicable, mark the **Exclude Cross-Site Data** checkbox. This checkbox defaults to marked. When marked, the report does not include cross-site homeroom data. Cross-site must be enabled at the district level for this checkbox to display.
5. Click the **Generate Extract** button. The report generates in a separate window in the designated format.
