Tool Search: SASID Import

The SASID Import tool imports student State ID numbers to the Campus database.

SASID Import ☆ Reporting > NH State Reporting > SASID Import

**SASID Import**

This tool will import State ID numbers. The import number will match based of StudentNumber. If it does not match, it will generate an error for that line, appended at the end of line. If the DOB, Gender, Race, and TOB don't match, it will also generate an warning and will import the State ID number.
