## Tool Search: BIE ISEP Instructional Verification Report

ISEP (Indian School Equalization Program ) Verification and Certification is the Education Resource Center (ERC) process that verifies student eligibility. The ISEP Instructional Verification Report collects the required information for verification of student eligibility (e.g., demographics, instructional program enrollments, and Instructional program enrollments). Report information is used in calculating and distributing ISEP funding.

ISEP Certification is a two-step process involving verification and certification of student information. The ISEP Verification Report is generated and printed, then evaluated by the school and ERC. As errors in the data are found and corrected in the District Edition, the Verification Report is re-run and reviewed again. The process of running the Verification Report, evaluating the student information, and correcting errors is repeated until the data is considered accurate. When the school and ERC confirm that the data is accurate in the Verification Report, the Certification Report (a formal roster) is run and the data is printed and signed by the Education Program Administrator, school principal, and the school board chairperson. Certification is the official endorsement of the roster (student list).

| <b>Select Calendars</b> | The schools available for selection are determined based on the District / School selected in the Campus toolbar. At least one school calendar must be selected in order to generate the report.   |
| <b>Generate Report</b>  | To display the results of the report immediately, click the <b>Generate Report</b> button. This is best if the selection criteria is small (one or two calendars, a short date range, a smaller student selection, etc.).  |
| <b>Submit to Batch</b>  | To display the results of the report at a later time, click the <b>Submit to Batch</b> button. The Batch Queue tool is used by some districts /states to generate large, system-intense reports. This tool helps prevent report time-out errors and/or system performance issues. See the <a href="#">Batch Queue</a> article for more information.  |

## Report Layout

## Eligibility Calculation

ISEP funding is distributed to schools and dormitories based on membership eligibility. If a student's membership / enrollment meets **all** of the required eligibility criteria, that student's record receives a status of Eligible. In cases where a record fails to meet one or more of the eligibility criteria, that record is listed as Non-Eligible. Each enrollment is analyzed individually to determine eligibility status; therefore, the same student may have enrollment records that appear under both sections.
