Special Ed Progress Option Setup

Last Modified on 09/15/2026 12:49 pm CDT

Path: Student Information > Special Ed Administration > Special Ed Progress Option Setup

The Special Ed Progress Option Setup tool allows users to enter custom options for the student's progress report forms, rather than the options provided by Campus. Districts can add as many options as they would like.

Special Ed Progress Option Setup

See the Special Ed Progress Option Setup Tool Rights article for suggested tool rights.

1. Select the **New** button. An **Option Detail** editor displays.
2. Enter the **Name** of the Progress Options that should be added.
3. Mark the option as **Active** so users have the ability to select it.
4. Click the **Save** button when finished. The new Progress Option is listed in the Options Editor.

Progress Options are then selected on the Progress Report document when defining the student's progress toward the annual goal.
