The Paperless Assessment Reporting tools provide a new capability for LEAs to opt into an electronic student score reporting process for assessment administration. Participating LEAs no longer receive printed student score reports from ETC; instead, access is provided through their SIS vendor that allows the score reports to be accessed by parent/guardians and school administrators.

The following tools are available for CAASPP Paperless Reporting:

- [CAASPP Configuration](#) (System Settings)
- [Assessment Reporting in Student Information](#) (Student)
- [Student California Paperless Reporting](#) (Campus Student/Campus Parent)

Read - View, select and generate the Score Report.

Write - N/A

Add - N/A

Delete - N/A

For more information about Tool Rights and how they function, see the [Tool Rights](#) article.

Districts are sent a **Client Key** and a **Client Secret** from the Department of Education (CDE) and/or Education Testing Service (ETS). This information is hidden and encrypted when entered into the CAASPP Configuration editor. The key and secret connect the district server to the ETS Server, which then returns student scores. Data is not stored in Infinite Campus. The URL Authentication End Point is needed for the authentication process to work properly.

Infinite Campus does NOT have access to the Client Key, the Client Secret, or to the ETS Server.

DO NOT DELETE the CAASPP configuration.

Campus Parent and Campus Student

Access

Parents/guardians and students can generate a paperless score report from Campus Parent and Campus Student. This requires the school to have the [Assessment Display Option](#) marked.

After logging into Campus Parent (for parents/guardian) or Campus Student (for students), navigate to **More** and select **Assessments**. Select the desired **Language** from the **California Paperless Reporting** dropdown, and click the **Generate** button. A PDF report is returned that is available for 30 minutes.

The screenshot shows the Campus Parent interface. On the left, a sidebar menu includes Parent, Message Center, Today, Weekly Overview, Assignments, Grades, Grade Book Updates, Attendance, Reports, Responsive Schedule, and More. The More option is currently selected. A sub-menu titled 'More' appears, containing Address Information, Assessments (which is highlighted with a red box), and Demographics. The main content area is titled 'California Paperless Reporting'. It shows a 'Language' dropdown set to English and a 'Generate' button. Below the button, a message says 'No assessments available.'
