- This report generates data for any student actively enrolled during the Reporting Period whose ADA eligibility is not equal to 0. The attendance accounting system determines a student's ADA eligibility. See the Report Layout for Eligibility Codes.
- Attendance entered by the minute is saved to the database as period-based. This means the exact time is not reported, only the period in which it falls.
- To be included, on the day being counted
  - IEP must be active and locked, AND
  - There must be an active Instructional Setting code of 40 on the Settings and Disabilities editor in the IEP.
- Courses with the State Report Exclude option selected on the Courses tool do NOT report.
- CTE attendance and V code calculations consider suspensions lasting longer than 5 days. If a student has a state reportable suspension (in or out of school) within the reporting window that lasts longer than 5 days, any attendance days after the 5th day will be counted as regular (not CTE), and the student will report no V codes.
- When calculating CTE attendance days, logic excludes any date contained in a CTE Funding Exempt record that overlaps with the reporting period.
- When calculating CTE attendance days, logic excludes any date contained in a Non-Certified CTE record that overlaps with the reporting period.
- Grade levels do not need to match State Grade Levels to report.

## Generating the Report

1. Select the **Student Detail Summary** option in the **Report Type** dropdown.
2. Select a **Report Format** of either PDF, DOCX, or CSV.
  - PDF includes a section for staff recording/approving signatures, titles, and dates.
3. Select the **Period Model**.
4. Select a calendar from the **Calendar** dropdown.
5. Fill in the **Start Date** and **End Date** fields. There are several options for this action:
  - Select the Calendar icon and select the start and end dates for the reporting period.
  - Select the Start Date and End Date fields and manually input the start and end dates for the reporting period.
  - Click on the period options below the Period model to quickly set the start and end dates for the reporting period.
6. Select either **Grade** to filter the report by grade and then choose a grade from the dropdown, or select **Ad Hoc Filter** and choose a filter from the dropdown options.
7. Decide if you want to generate the report or submit to batch:

<b>Generate Report</b>	Click the <b>Generate Report</b> button to generate the report immediately. The report will appear in a separate window in the designated format.
------------------------	---

**Submit to Batch**

Click the Submit to Batch button to send the extract to the Batch Queue List. The Batch Queue functionality allows users to schedule when the extract is generated and to navigate away from the report editor while the extract is being built. The Batch Queue List also lets users view and access historical reports that were run through the Batch Queue tool.
