Tool Search: CTE Reports

The CTE Apprenticeship Programs Report lists the student's ID number and course number of enrollment where the student is receiving CTE training, and any apprentice code associated with the program.

CTE Apprenticeship Programs Report

Report Logic

In order to report:

- A Recognized Credential Earned Code must be populated.
- The Apprenticeship Code must be selected from the drop list on the course editor.
- A student must have an Active Career Tech Program (Career Tech Program Detail) anytime during the Prior Reporting Date and Effective Date on the report editor.
- Active and State Reported must be marked on the Course Information and Career Tech Program Detail.
- The program must have an active "Passed" Certification at Career Tech Program Certification, or "Completer" must be the Student Status on Career Tech Program Detail.

Any course that has a CIP code reports.

Course data reports from the Course Section that has matching CIP code and CTE Program Type to the matching Active Career Tech Program Active Career Tech Program CIP Code and CTE Program Type. If the student is enrolled in multiple active Career Tech Programs, multiple records for that

student report.

Students do not report when:

- Their enrollment record is marked as State Exclude or No Show.
- They are enrolled in a grade level marked as State Exclude.
- They are enrolled in a Calendar marked as State Exclude.

The following CTE Data fields on the Course editor and Course Masters editor (if using a Course Catalog) are included in the report. Any value populated on the [Course Master](#) editor displays on the [Course](#) editor.

- CIP Code
- Program Type
- Agreement Higher Ed
- Advanced Stand-In Training
- Post-Secondary Credit Code
- Apprenticeship Code
- Recognized Credential Earned Code
- CTE Sequence
- Concentrator in Sequence

Report Editor

Field	Description
Extract Type	Indicates which CTE Report generates. For this instance, choose CTE Apprenticeship Programs .
Prior Reporting Date	Entered date indicates the last time this information was reported. Dates are entered in mmddyy format, or can be chosen using the calendar icon.
Effective Date	Entered date is used to return students who were enrolled in a course with a CIP code at any time between the Prior Reporting Date and the Effective Date, which defaults to the current date. Modify the current date by typing a new date in mmddyy format or using the calendar icon to choose a date.
Format	The report can be generated in CSV or HTML formats.
Calendar Selection	At least one calendar needs to be chosen in order for the report to generate. If a calendar is selected in the Campus toolbar, that calendar is already chosen. Calendars can be selected by the active year, by school or by year.

Generate the Report

1. Select the **CTE Apprenticeship Programs** options from the **Extract Type** dropdown list.
2. Enter the **Prior Reporting Date**.
3. Modify or keep the current **Effective Date**.

4. Select the desired **Format**.
5. Select the desired **Calendar** from which to report CTE Program information.
6. Click the **Generate Extract** button. The report displays in the selected format.

Report Layout

Data Element	Description	Type, Format and Length	Campus Database	Campus Interface
--------------	-------------	-------------------------	-----------------	------------------

Data Element	Description	Type, Format and Length	Campus Database	Campus Interface
District Code	Indicates the district where the student attends school. This reports the Resident District Code from the student's enrollment record. If that is not populated, this reports the State District Number.	Numeric, 2 digits	Enrollment.service District District.number	Student Information > General > Enrollments > State Reporting Fields > Resident District Code System Administration > Resources > District Information > State District Number
School Code	Identifies the school code. If Enrollment Status is H or S, a value of XX190 reports, where XX is the first two digits of the current state school number.	Numeric, 5 digits	School.number	System Administration > Resources > School > School Detail > State School Number
CTE Tech Center	Reports the career and tech center code. This field always reports blank.	Blank, 5 spaces	N/A	N/A
SASID	Reports the student's state assigned identification number.	Numeric, 10 digits	Person.stateID	Census > People > Demographics > Person Identifiers > Student State ID

Data Element	Description	Type, Format and Length	Campus Database	Campus Interface
Local CTE Program Code	Reports the locally assigned name for the CTE Program.	Alphanumeric, 40 characters	Course.programType	Scheduling > Courses > Course > Course Information > CTE Data > Program Type
Apprenticeship Code	Reports the code of the registered apprenticeship for which the student qualified for advancing standing in.	Numeric, 3 digits	Course.cte ApprenticeshipCode	Scheduling > Courses > Course > Course Information > CTE Data > Apprenticeship Code
