

# Ed-Fi v3.X - Calendars Resource Preferences

Last Modified on 03/19/2024 7:45 am CDT

Tool Search: Ed-Fi Configuration

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to set the resource preferences for the Calendars resource. If the Configure or Edit buttons do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

If a mapping is changed, a resync must be performed on the resource in order for the new mappings to send correctly.

1. Select the appropriate **Ed-Fi Code** for the Calendar Types.

Any item not mapped will not report to Ed-Fi.

Calendar Types	
Attribute Dictionary	System Administration > Custom > Attribute Dictionary > Calendar > Type
UI Location	System Administration > Calendar > Calendar > Type

### Calendars

**Active**

**Calendar Type Descriptors**

Calendar Type	Ed-Fi Code
A: Alternative	IEP: IEP ▼
