Tool Search: MOSIS Extracts

The Student Graduate Follow Up Extract returns records for each student who graduated in the previous year or who completed a career and technical education program in a Post Secondary educational setting. The student's enrollment record for the previous year must have an end date with a graduate end status (see the [Report Logic](#) section for appropriate options).

Report Logic

A single record is returned for every student who graduated during the previous school year (i.e., the 2023-24 school year extracts 2023 graduates). Vocational education students must have a Career Education record with CHS, PHS or CNP selected. Students must have an Enrollment End Status of G01 or G03 to report.

Records are not returned when:

- Student is marked as State Exclude on their Enrollment editor.
- Course is marked as Exclude from State Reporting on the Courses editor.
- Calendar is marked as State Exclude.
- Grade Level of enrollment is marked as State Exclude.
- Calendar is marked as Summer School.

A single record is returned for every student who dropped out when the **End Status** is D01, D02, D03, D04, D05, D06, and **Grade** is **09-12**, and **Special Education Status** is **Yes**.

A single record is returned for every student who dropped out when the **End Status** is D05, and **Grade** is **09-12**, and **Career Education** is **CHS** or **CNP**.

A record is returned for every student whose enrollment record is marked as **No Show** OR not marked as No Show when the Enrollment **End Status** is D01, D02, D03, D04, D05, or D06 AND **State Grade** is 09, 10, 11, 12 AND **Enrollment Special Ed Status** is Y.

Student Last Name, First Name and Social Security number is required when the CTE Program Code is one of the following:

- 0110
- 0210
- 0410
- 0510
- 0610
- 0710
- 0810

NRC: Not Receiving Services

For EL/ELL reporting options, NRC reports only when the program status is EL and the Parent Declined checkbox is marked.

Report Editor

Different options are available for entry on the Extract editor depending on the chosen Reporting Period. The following defines the available Extract Options, noting the different fields.

Extract Option	Description
----------------	-------------

Extract Option	Description
Extract Type	Determines the extract that generates. Selection should be Student Graduate Follow Up.
Reporting Period	Indicates the section of the school year for which student data is being reported. The only Reporting Period available for this extract is February.
Report Protected Identities	When marked, student identity information (last name, first name, etc.) reports from the Protected Identity Information fields.
Report State Excluded Course Sections	<p>When marked, courses marked as State Exclude are included in the report when that course/course section meets report population requirements.</p> <p>When not marked, courses marked as State Exclude are excluded from the report.</p>
Report State Excluded Students	<p>When marked, students who meet the report population requirements but their enrollment record is marked as State Exclude report along with all other records.</p> <p>When not marked, students marked as State Exclude on their enrollment record are excluded from the report.</p>
January Count Date	Displays the date of the January snapshot (Last Wednesday in January). Modify the date by typing in <i>mmdyy</i> format or by using the calendar icon to choose a date.
September Count Date	Displays the date of the September snapshot (last Wednesday in September). Modify the date by typing in <i>mmdyy</i> format or by using the calendar icon to choose a date.
Effective Date	Entered date is used to return students who are enrolled through that date. Enter dates by typing in <i>mmdyy</i> format or by using the calendar icon to choose a date.
Ad hoc Filter	Selection includes only those students included in the filter.
Format	Determines how the extract generates. Use the State Format (CSV) when submitting the final data to MOSIS. Use the other available formats (HTML, Tab Delimited, XML) for data review and testing.

Extract Option	Description
Calendar	<p>Selected calendar indicates which students is included in the report. Multiple calendars can be selected at one time; it is recommended that all calendars in a district not be selected as this increases the amount of time it takes to generate the extract. The calendar chosen in the Campus toolbar is already selected.</p> <p>When selecting a calendar from the 2020-21 school year, graduates in the 2019-20 school year report.</p>
Generate Extract	Displays the selected calendar information and extract immediately for data review and printing purposes in one of the selected formats.
Submit to Batch	Delays the generation of the extract for data review and printing purposes for a designated time. See the Batch Queue documentation for more information.

Generate the Student Graduate Follow-Up Extract

1. Select the **Student Graduate Follow-Up Extract**.
2. Select the **Reporting Period**.
3. Mark the **Report Protected Identities** checkbox, if desired.
4. Mark the **Report State Excluded Courses** checkbox, if desired.
5. Mark the **Report State Excluded Students** checkbox, if desired.
6. Enter the displayed **Count Dates** or **Date Range** fields, depending on which reporting period is selected.
7. Select any applicable **Ad hoc Filters**.
8. Select the **Format** of the extract.
9. Select which **Calendar(s)** to include within the extract.
10. Click the **Generate Extract** button.
