The EL Screener Extract reports students who have at any time had active enrollment in the selected calendar AND who have EL Screener Information populated in the Student Assessment tab, within the start and end dates entered in the extract editor.

Define report criteria and generate an EL Screener extract for selected students and schools.

A Parent Test that includes the name of the test (Pre-IPT, Checklist, etc.) and Child Tests that report the score selection (Raw Score and Result) and the Subjects of the test (Pre-IPT Composite, Pre-IPT Listening, etc.) are required for each test and subject.
