

# Responsive Scheduling (Campus Student)

Last Modified on 12/14/2025 8:45 pm CST

## Tool Search: Responsive Schedule

Use the Responsive Schedule tool to select the sessions you would like to attend for an upcoming responsive day. Available offerings are listed for each available responsive period. Please note the following:

- You may not be able to select a session for a responsive period. This may be due to one of your teachers choosing your session for you. If this is the case (a message displays indicating a session has been chosen for you), and you want to attend another session, contact that teacher and discuss your options.
- You may not be able to select a session if the request window has closed, in which case, a counselor or principal may choose your session for you.
- If a session is full, it cannot be selected, but it does display, so you can see what is being offered. If you would like to attend a full session, contact the teacher of that session.
- You can request sessions up until the request window has closed. If the window has closed, a message displays indicating such.

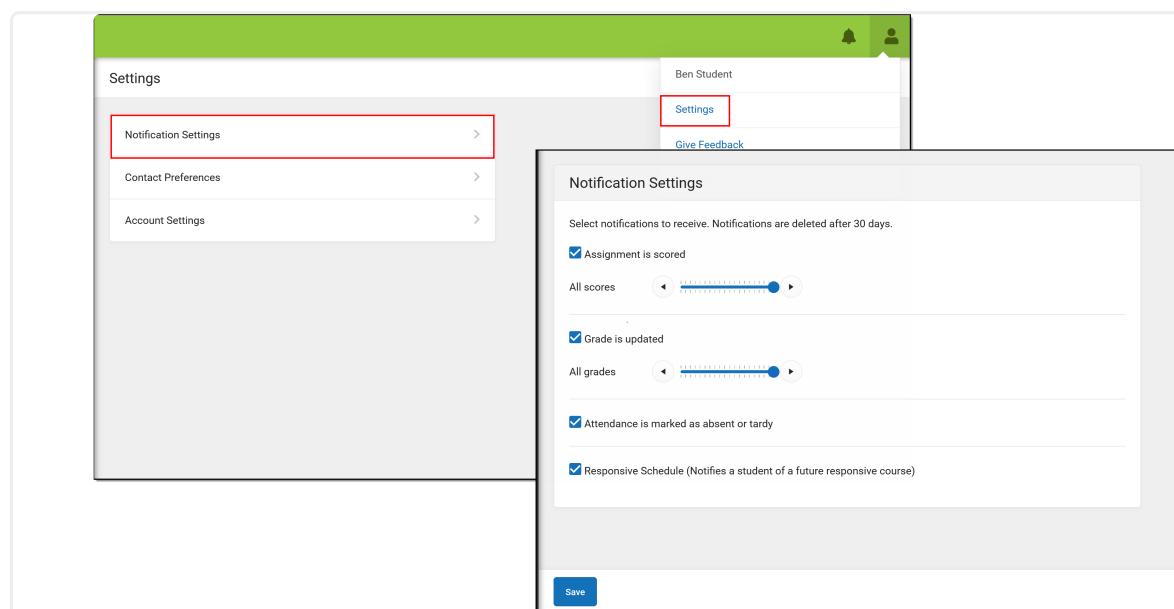

Course	Name	Description	Teacher	Room	Seats
7720	Art workshop A	This is 7720 Art Workshop A	Staff, Kyle	Art 1	5
7720	Art Workshop B	This is 7720 Art Workshop B in a different room	Staff, Abel	Art 2	1

## Choose a Responsive Offering

1. Select the appropriate **Responsive Period**.
2. Select which sessions you would like to attend by selecting the radio button for that offering. The name and description of the sessions should provide enough information so you can tell what will be offered. The teacher name and room number is also listed, along with the total number of available seats.
3. Click the **Save** icon when finished. Your request has been entered.

You can receive notifications about Responsive Offerings by marking your Notification Preferences accordingly.

The screenshot shows the Infinite Campus mobile application interface. At the top, there is a green header bar with the 'Infinite Campus' logo. Below the header, there is a navigation bar with a 'Settings' tab, a 'Ben Student' profile section, and a 'Give Feedback' button. The main content area is titled 'Notification Settings'. It contains a sub-section titled 'Select notifications to receive. Notifications are deleted after 30 days.' with the following options:

- Assignment is scored  
All scores (with a slider bar set to the maximum value)
- Grade is updated  
All grades (with a slider bar set to the maximum value)
- Attendance is marked as absent or tardy
- Responsive Schedule (Notifies a student of a future responsive course)

At the bottom of the 'Notification Settings' screen is a 'Save' button.
