The SMART State Submission gathers basic enrollment information for submission to the state. The report is sorted alphabetically by student's last names.

SMART Extracts ☆

NJ SMART File Extract

This tool will extract data to complete the New Jersey Standards Measurement and Resource for Teaching (NJ SMART) reporting extract for October and December or EOY. Choose the State Format (CSV) to get the file in the state-defined CSV file format, otherwise choose HTML or PDF for testing/debugging. Each extract contains a 1 line header.

Snapshot Date can be obtained by entering the same date for the Reporting Period Start Date and Reporting Period End Date.

Report Logic

If Reporting Period Start Date and Reporting Period End Date are the same date (Snapshot Date), students that have an active Enrollment on the Snapshot Date report. If the Enrollment End Date is prior to the Snapshot Date, the student data does not report.

If the Reporting Period Start Date and Reporting Period End Date are different dates, the students that have at least one active day of enrollment on or between the Reporting Period Start Date and Reporting Period End Date report.

Report Editor

Field	Description
Extract Type	Selection determines which extract generates.
Reporting Period Start Date	Entered date determines the time frame of the extract, reporting only that student data as of that date. Dates are entered in mmddyy format or can be chosen by using the calendar icon.
Reporting Period End Date	Entered date determines the time frame of the extract, reporting only that student data as of that date. Dates are entered in mmddyy format or can be chosen by using the calendar icon. The end date field is auto-populated with the current date.
Students without state IDs	When marked, students who are not assigned a state ID will be returned, in addition to those students who do have a state ID.
State Exclude	Drop list options include: <ul style="list-style-type: none"> • Exclude State Exclude Enrollments (default) • Include State Exclude Enrollments • Only State Exclude Enrollments
Ad hoc Filter	When selected, only those students in the filter will be included on the selected SMART extract.
Format	SMART Extracts generate in either HTML format or in CSV format (state format).
Calendar Selection	Selection indicates from where the data is pulled.
Report Generation	Use the Generate Extract button to display the results of the extract immediately. If more than one calendar is selected, or the selection of data is larger than anticipated, use the Submit to Batch button to determine when the extract should be generated.

Generate the SMART State Submission Extract

1. Select **SMART State Submission** from the **Extract Type** dropdown list.
2. Enter a **Reporting Period Start Date**.
3. Enter a **Reporting Period End Date**.
4. Mark the **Student w/o stateIDs** if those students should not appear in the report.
5. Indicate the **Format** in which the report should generate.
6. Click the **Generate Extract** button to generate the report in the desired format. Or, use the **Submit to Batch** button (if applicable) to choose when the extract generates.
