Report Logic

If the Reporting Period Start Date and End Date are the same (Snapshot Date), students have an active Enrollment on the Snapshot Date report. If the Enrollment End Date is before the Snapshot Date, the student data is not reported.

If the Reporting Period Start Date and Ending Date are different, the students who have at least one active day of enrollment on or between them report.

Report Editor

Field	Description
Extract Type	Selection determines which extract generates.
Reporting Period Start Date	Entered date determines the time frame of the extract, reporting only that student data as of that date. Dates are entered in mmddyy format or can be chosen by using the calendar icon.
Reporting Period End Date	Entered date determines the time frame of the extract, reporting only that student data as of that date. Dates are entered in mmddyy format or can be chosen by using the calendar icon. The end date field is auto-populated with the current date.
Students without state IDs	When marked, students who have not been assigned a state ID will be returned, along with those who do have a state ID.
Use Enrollment Programs	Program participation records are reported when the checkbox is NOT selected (the default). When the checkbox is marked, program fields on the enrollment record are considered.
State Exclude	Drop list options include: • Exclude State Exclude Enrollments (default) • Include State Exclude Enrollments • Only State Exclude Enrollments
Ad hoc Filter	When selected, only those students in the filter will be included on the selected SMART extract.
Format	SMART Extracts generate in either HTML format or in CSV format (state format).
Calendar Selection	Selection indicates from where the data is pulled.
