The FRYSC Individual Intervention Rosters extract provides student-level detailed information about the usage of FRYSC individual interventions in a given district.

FRYSC Individual Intervention Rosters Editor

Report Logic

The following report logic is used:

- Only students who participated in a FRYSC individual intervention within the FRYSC center, calendar, or Intervention Category and Date Range entered on the extract editor are included.
- Reported data is limited to data from FRYSC Centers in calendars for which the user has Calendar Rights to access.

Generating the Extract

To generate the extract:

1. Enter the **Date Range**. Only FRYSC Individual Interventions and Group Programs active within the date range entered are reported.
2. Select a **Report Option**:
   - **FRYSC** - Only students with a FRYSC individual intervention in the selected FRYSC center(s) will be included in the report.
   - **Calendar** - Only students with a FRYSC individual intervention in the selected calendar(s) will be included in the report.
   - **Intervention Category** - Only students with a FRYSC individual intervention in the selected Intervention Categories will be included in the report.
3. Select which data is included in the report:
   1. Select a **FRYSC Center(s)** if the FRYSC Report Option is selected
   2. Select a **Calendar(s)** if the Calendar Report Option is selected.
   3. Select an **Intervention Category** if the Intervention Category Report Option is selected.
4. Filter data by selecting an **Ad Hoc Filter** (optional).

5. Select how the report will be generated:

Generate Report	The report will generate immediately and display in a new window in the designated format.
Submit to Batch	The report can be scheduled for when it generates and will be sent to the Batch Queue tool.
