Tool Search: Precode Extract

The Texas Assessment of Knowledge and Skills includes all students in grades 3 through 10 who are not participating in the TAKS alternate assessment. TAKS assessments are designed to measure the extent to which a student has learned and is able to apply the defined knowledge and skills at each tested grade level. This assessment measures a student's mastery of the state mandated curriculum, the TX Essential Knowledge and Skills (TEKS).

### Texas Precode Extracts

This tool will extract data to complete the Texas Precode Extracts. Use the 4-character Administration Date code supplied by the Precode vendor. Choose the State Format to get the file in the state defined file format, otherwise choose one of the other formats.

For the STAAR ALT and End of Course Precode, select the State Code(s) from the drop list for the desired course(s). All students who are scheduled into a course with a selected State Code on the Effective Date will report.
