Tool Search: Student Interchange

The Graduation Guidelines Report tracks graduation requirements for students. The information in this report is not part of the October Count.

The screenshot shows the 'Student Interchange' tool interface. At the top, there's a breadcrumb trail: 'Reporting > CO Data Pipeline > Student Interchange'. Below this is a header 'Student Profile Interchange'. A message states: 'This tool will extract data to complete the Student and Enrollment Interchange files.' The interface is divided into two main sections: 'Extract Options' and 'Select Calendars'.

**Extract Options:**

- Report Type: Graduation Guidelines (dropdown)
- Ad Hoc Filter: (empty dropdown)
- Effective Date: 05/23/2024 (calendar icon)
- All Guidelines: ☐
- Report Legal Name: ☐
- Zero-Fill School Code: ☐
- Exclude Cross-Site Data: ☒
- Format: CSV (dropdown)

Buttons at the bottom: 'Generate Extract' and 'Submit to Batch'.

**Select Calendars:**

Which calendar(s) would you like to include in the report?

- ☒ active year
- ☐ list by school
- ☐ list by year

A list of schools is shown under the 'active year' selection:

- 23-24
- 23-24 Elementary School
- 23-24 Middle School
- 23-24 High School

Below the screenshot, the text 'Graduation Guidelines Report' is displayed in a light blue font.

**Read** - Access and generate Student Interchange Extracts.

**Write** - N/A

**Add** - N/A

**Delete** - N/A

For more information about Tool Rights and how they function, see the [Tool Rights](#) article.

## Report Logic

One record per Guideline - Assessment, Transcript record or Certificate - reports per student. When a student has more than one guideline, that student has multiple records on the extract.

Only records that have dates on or prior to the entered effective date report. This applies to all assessments, transcript records and courses that are considered for graduation guidelines.

The student must have an active primary enrollment as of the entered effective date on the report editor. When there is no active primary enrollment as of the effective date, the most recent

primary enrollment reports based on the start date.

Only guidelines met during the selected reporting school year are included. The School Year is considered to be from the earliest Calendar Start Date of all selected calendars to the latest Calendar End Date of all selected calendars.

## Non-Binary Gender Reporting

Schools can assign students a gender of M: Male, F: Female or N: Non-binary. This is done on the [Identities](#) tool and/or the [Demographics](#) tool.

Data Pipeline Extracts and other required extracts use the Legal Gender field included in the Protected Identity Information to report student identity information.

To properly record a gender of N: Non-Binary, on the Identities tool:

1. Assign the **Gender of N: Non-Binary** in the standard identify fields.
2. Assign the **Protected Identity Information Legal Gender** field to M: Male, F: Female or N: Non-Binary.
3. Save the record when finished.

The screenshot shows the 'Identities' tool interface for a student named Luka A. The interface includes fields for Personal ID, Last Name, First Name, Middle Name, Suffix, Gender, Pronouns, Birth Date, and Soc Sec Number. The 'Gender' field is set to 'N: Nonbinary'. Below this, the 'Protected Identity Information' section includes fields for Legal Last Name, Legal First Name, Legal Middle Name, Legal Suffix, and Legal Gender. The 'Legal Gender' field is set to 'Female'. The interface also includes a 'Save' button and a 'New' button.

## Report Editor

Field	Description
<b>Report Type</b>	Selection determines the Student Interchange report that generates. Choose Graduation Guidelines.

Field	Description
<b>Ad hoc Filter</b>	Select a saved ad hoc filter to only include those students in the filter in the report, assuming those students meet the reporting logic and business rules of this report.
<b>Effective Date</b>	The entered date is auto-populated to the current date and returns those students actively enrolled in the selected calendar on this date.
<b>All Guidelines</b>	<p>When marked, student guidelines report for all school years and enrollments.</p> <ul style="list-style-type: none"> <li>• Enrollment-specific data reports from the current year's enrollment.</li> <li>• Demographic-specific data reports based on the entered Effective Date.</li> </ul> <div style="background-color: #e1f5fe; padding: 10px; margin: 10px 0;"> <p>All instances of a guideline report, regardless of the calendar/school year in which the guidelines were achieved. When a student has three ACT assessments that meet the report criteria, all three report in separate lines.</p> </div> <p>Date restrictions do not apply to guidelines. Concurrent Enrollment guideline for previous school year reports only from student Transcript records.</p>
<b>Report Legal Name</b>	When marked, the student's name and gender report from the Protected Identity Information section on the student's <a href="#">Identities</a> record.
<b>Zero-Fill School Code</b>	When marked, the School Code field in the extract layout reports a value of 0000 (four zeros) and overrides any code already reported in that field.
<b>Exclude Cross-Site Data</b>	When marked, students enrolled as Cross-Site Students at one or more schools are excluded from the report.
<b>Format</b>	The Graduation Guidelines report can be generated in either CSV or HTML formats.
<b>Calendar Selection</b>	Select at least one calendar to generate the report. Calendars can be selected by Active Year, School or Year.
<b>Report Generation</b>	The Student Layout extract can be generated immediately using the <b>Generate Report</b> button. Or, use the <b>Submit to Batch</b> button to select when the report is generated. See the <a href="#">Batch Queue</a> article for more information on this functionality.

## Generate the Report

1. Select the **Graduation Guidelines** from the **Report Type** field.
2. If desired, select students from an existing **Ad hoc Filter**.
3. Enter the desired **Effective Date**.
4. Mark the **All Guidelines** checkbox, if desired.
5. Mark the **Report Legal Name** checkbox, if desired.

6. Mark the **Zero-Fill School Code** checkbox, if desired.
7. Mark the **Exclude Cross-Site Data** checkbox, if desired.
8. Select the **Format** of the report.
9. Select the **Calendar(s)** from which to report information.
10. Click the **Generate Extract** button or the **Submit to Batch** button. The report displays in the desired format.
