Tool Search: Spring Census

The VT Spring Census Extract collects all students in the Vermont educational system. The report is used to calculate FTE using attendance and absence totals, determine accountability requirements and prepare for the Fall Census Extract.

The screenshot shows the 'Spring Census' tool interface within the Infinite Campus system. The header includes the Infinite Campus logo and a search bar. The main title is 'Spring Census' with a star icon. Below it, a breadcrumb trail reads 'Reporting > VT State Reporting > Spring Census'. A dark blue bar indicates 'VT Spring Census Report'. A message states: 'This tool will extract data to complete the VT State-defined Spring Census report.'

The interface is divided into two main sections: 'Extract Options' and 'Select Calendars'.

Extract Options:

- Effective Date:** A text input field with a calendar icon.
- Format:** A dropdown menu currently set to 'CSV'.
- Report Legal Identities:** A checkbox that is checked.
- Generate Extract:** A button to initiate the extraction process.

Select Calendars:

- active year:** A radio button that is selected.
- list by school:** An unselected radio button.
- list by year:** An unselected radio button.

Below the radio buttons is a scrollable list of school names for the '19-20' school year:

- 19-20 Bennington Elementary Sc
- 19-20 Early Childhood Programs
- 19-20 Molly Stark Elementary S
- 19-20 Monument School
- 19-20 Mt. Anthony Union High S

- 19-20 Pownal Elementary School
- 19-20 Shaftsbury Elementary Sc
- 19-20 SW VT Career Dev. Center

At the bottom of the list, it says 'CTRL-click or SHIFT-click to select multiple'.

The footer of the interface reads 'Spring Census Extract Editor'.
