Data Submission

The collection period of this report begins in early May and runs to early June, or 5 days after the end of the school year.

Report Logic

- Students report when any one of the following fields are not null or 0 AND the student has a primary enrollment that falls within the start and end date selected on the extract editor: High Ability or Homeless. Students whose parent is on active duty in the Armed Forces or students with Foster Care records within the effective dates also report.
- If a student has multiple primary enrollments that meet the above criteria, one record reports for each enrollment.
- Enrollments marked as State Excluded or No Show do not report.
