Tool Search: Vaccine Setup

Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, South Dakota districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the South Dakota State Department of Health.

This information is current as of the Campus.2527 (July 2025) release.

For more information on the creation, modification, or deletion of vaccine compliances, see the [Vaccines](#) article.
